(cxxx) “**Withdrawal Event**” has the meaning given to such term in Section 9(a).

(b) Rules of Interpretation.

(i) Except as expressly set forth herein, nothing contained herein shall be construed to alter, waive or otherwise affect the respective powers, rights, or responsibilities of FOMB, AAFAF, or PREPA, whether such powers, rights, or responsibilities arise under PROMESA or other applicable law.

(ii) Each Supporting Holder is a party hereto solely in its capacity as the beneficial owner or insurer of Bonds issued by PREPA; provided that no Supporting Holder shall oppose the Settlement Motion in any capacity.

(iii) When a reference is made in this Definitive RSA to a Section, Exhibit, or Schedule, such reference shall be to a Section, Exhibit, or Schedule, respectively, of or attached to this Definitive RSA unless otherwise indicated. Each of the exhibits, annexes and schedules to this Definitive RSA is expressly incorporated herein and made a part of this Definitive RSA, and all references to this Agreement or this Definitive RSA (including by use of words such as “herein”) shall include such exhibits, annexes and schedules. Unless the context of this Definitive RSA otherwise requires, (a) words using the singular or plural number also include the plural or singular number, respectively, (b) the terms “hereof,” “herein,” “hereby” and derivative or similar words refer to this Definitive RSA, (c) the words “include,” “includes” and “including” when used herein shall be deemed in each case to be followed by the words “without limitation,” (d) the word “or” shall not be exclusive and shall be read to mean “and/or,” (e) the word “person” shall be understood to refer to any individual, corporation, limited liability company, estate, partnership, joint venture, association, joint stock company, trust (including any beneficiary thereof), unincorporated organization, or government, or agency, instrumentality, or political subdivision thereof, (f) “business day” shall refer to any day other than a Saturday, Sunday or any other day on which banks located in New York, New York or San Juan, Puerto Rico are closed for business as a result of a federal, state, or local holiday, and (g) “writing,” “written,” and comparable terms refer to printing, typing, and other means of reproducing words (including electronic media) in a visible form, and any requirement that any notice, consent, or other information shall be provided in “writing” shall include email.

(iv) All Definitive Documents must be consistent with this Agreement and (other than in the case of the IRS Private Letter Ruling Request, which is subject to the consultation rights set forth in Section 7(b)(ii)) in form and substance mutually agreed upon by the Required Parties. If a Definitive Document must be entered by the Title III Court, enacted into law, or issued by the IRS, the as-entered, as-enacted, as-confirmed, or as-issued version of such Definitive Document must be consistent with this Agreement, and in form and substance reasonably acceptable to the Required Parties. Notwithstanding the foregoing, after a Securitization Termination, the form and substance of the Definitive Documents shall be deemed to be reasonably acceptable to the Required Uninsured Holders and Assured if such Definitive Documents provide the Stipulated Treatment and other required payments and otherwise comply with the surviving requirements of this Definitive RSA. Any reference in this Agreement to a Definitive Document means a Definitive Document that meets the standards in this Section 1(b)(iv).

(v) The Additional Definitive Documents or Additional Definitive Documentation must be in form and substance reasonably acceptable to each of the Government Parties and, if an Additional Definitive Document must be entered by the Title III Court, enacted into law, or issued by the IRS or PREB, the as-entered, as-enacted, as-confirmed, or as-issued version must be in form and substance reasonably acceptable to each of the Government Parties; provided that if the Additional Definitive Documents are not reasonably acceptable to AAFAF or PREPA and FOMB proceeds without such consent, nothing herein shall prevent

AAFAF from filing a Permitted Puerto Rico Objection. In addition, any portion of an Additional Definitive Document that materially relates to the treatment of the Bond Claims of Supporting Holders (including any portion relating to the Securitization Bonds, the Transition Charge or the Demand Protections) shall be consistent with this Agreement and in form and substance mutually agreed upon by the Required Parties, and nothing else in the Additional Definitive Documentation shall be materially inconsistent with this Agreement. If an Additional Definitive Document must be entered by the Title III Court, enacted into law, or issued by the IRS or PREB, then any portion of such Additional Definitive Document that relates to the treatment of the Bond Claims of Supporting Holders (including any portion relating to the Securitization Bonds, the Transition Charge or the Demand Protections) contained in the as-entered, as-enacted, as-confirmed, or as-issued version of such Additional Definitive Document must be in form and substance reasonably acceptable to the Required Parties, and nothing else in such Additional Definitive Document shall be materially inconsistent with this Agreement. Notwithstanding the foregoing, after a Securitization Termination, the form and substance of any portion of the Additional Definitive Documents that directly relates to the treatment of the Bond Claims of Supporting Holders shall be deemed to be reasonably acceptable to the Required Uninsured Holders and Assured if such portions of the Additional Definitive Document provide the Stipulated Treatment and other required payments and otherwise comply with the surviving requirements of this Definitive RSA. Any reference in this Agreement to an Additional Definitive Document (including provisions requiring such documents to be mutually agreed upon by, or acceptable to, the Required Parties) means an Additional Definitive Document that meets the standards in this Section 1(b)(v).

(vi) FOMB is a party hereto solely in its capacity as the representative of PREPA under PROMESA section 315(b), and AAFAF is a party hereto solely in its capacity as a representative of PREPA pursuant to Act 2-2017; provided that, without limiting the above, PREPA is entitled to exercise its rights under this Agreement (including its rights to terminate this Agreement and/or its right to consent to any waiver or amendment in accordance with the provisions of this Agreement) and provided further, that for purposes of determining whether a termination pursuant to Section 9 has occurred, (i) all actions of FOMB shall be treated only as actions of FOMB, and (ii) all actions of AAFAF shall be treated only as actions of AAFAF.

Section 2 9019 Settlement.

(a) FOMB shall file a motion (the “**Settlement Motion**”) together with a draft 9019 Order with the Title III Court seeking approval of this Definitive RSA and 9019 Settlement within ten (10) business days after the execution of this Definitive RSA by the Government Parties, the Ad Hoc Group Members and Assured. Within five (5) business days of the filing of the Settlement Motion, the Ad Hoc Group and Assured shall direct the Trustee, pursuant to the Trust Agreement, to join the Settlement Motion. By signing the RSA after the RSA Execution Date, a Supporting Holder shall be deemed to have joined in such direction. None of the Supporting Holders or the Government Parties shall be required by this Definitive RSA to provide any

indemnity to the Trustee and any relief requested under the Settlement Motion shall be contingent on the entry of the 9019 Order that includes a full exculpation of the Trustee and the directing Supporting Holders for any liability for joining the Settlement Motion and entering into the Tolling Agreement or providing direction in respect of the same. Concurrently with the filing of the Settlement Motion, the FOMB shall file a motion (the “**Dismissal Motion**”) and form of order seeking dismissal of the Monoline Motion, which Dismissal Motion and form of order shall be in form and substance reasonably acceptable to the Required Parties.

(b) Once approved by the Title III Court, the 9019 Order shall constitute (A) a settlement of (i) the Bondholder Litigation including, without limitation, the Monoline Motion (which shall be settled as to the Supporting Holders and dismissed without prejudice to the renewal of any motion similar to the Monoline Motion by the Supporting Holders in the event of a Stipulated Treatment Termination or an Individual Termination as to Assured only (unless the Individual Termination is rescinded by the Government Parties as if such termination never occurred) and, in the event of such renewal, without prejudice to the Government Parties’ right to defend such motion) by all Supporting Holders, (ii) the Supporting Holders’ ability to exercise or assert any rights or remedies under the Trust Agreement or other applicable law (including seeking to lift the stay or to accomplish any of the foregoing) or to direct the Trustee or provide legal or financial advice or assistance to support any other parties in connection with any of the foregoing, and (iii) the Supporting Holders’ asserted right to receive any current payment or adequate protection payments on the Bonds (other than, in the case of Insured Bonds, payment from the Insurers under the Bond Insurance Agreements); (B) a tolling (including, without limitation, as to FOMB, any future or successor to FOMB and any members thereof) of all unexpired statutes of limitations for any causes of action related to the Bonds, including any Lien Challenge and any potential Bondholder Litigation, until forty-five (45) days after a Stipulated Treatment Termination; and (C) approval and authorization of (x) the Settlement Charge, the Settlement Payments, the Increased Settlement Charge, the Increased Settlement Payments, the Waiver and Support Fees, the Adequate Protection Payments, and the incurrence of the Administrative Claims, and (y) the right of the Supporting Holders to receive the Stipulated Treatment (collectively, the “**9019 Settlement**”). The 9019 Settlement shall terminate as to all Supporting Holders upon a Stipulated Treatment Termination and as to applicable individual Supporting Holder upon an Individual Termination.

(c) Allowed Claim and Stipulated Treatment.

(i) The 9019 Order shall provide that, if a Securitization Termination has occurred, then, except as otherwise set forth in this Definitive RSA in the event of an Individual Termination (as to such terminated Supporting Holder) or a Stipulated Treatment Termination (as to all Supporting Holders), each of the Supporting Holders shall be deemed to have an allowed secured claim in a face amount equal to (i) 73.25 % of the Applicable Bond Claim of the outstanding Bonds held or insured by such Supporting Holder, plus (ii) such Supporting Holder’s allocated share (if any) of the Waiver and Support Fees inclusive of interest accrual at the contract rate through Administrative Claim Commencement, plus (iii) in the case of Assured, to the extent that Assured’s Stipulated Treatment is required to be adjusted as described in Section 2(c)(ii) to compensate Assured for the loss of the

value of any portion of the Assured Treatment, the amount of such loss of value (the “**Allowed Claim**”).

(ii) The 9019 Order shall provide that, if a Securitization Termination occurs, then, except as set forth below in the event of an Individual Termination (as to such applicable holder) or a Stipulated Treatment Termination (as to all Supporting Holders), and solely for purposes of settlement and without prejudice to the rights of the Parties in any other context, (i) the Supporting Holders’ Allowed Claim shall be treated as if it were an allowed secured claim against the Net Revenues (as defined in the Trust Agreement) of PREPA in any subsequent Plan that is confirmed after a Securitization Termination, secured by collateral worth at least the amount of the Allowed Claim as of the Effective Date of such Plan, (ii) the foregoing shall be included in any Plan, qualifying modification, exchange, or other restructuring of Bonds subject to this Agreement, and (iii) in the case of Assured, Assured shall be provided the opportunity to wrap debt securities being issued on account of the Assured Insured Bonds, to provide a DSRF surety for such debt securities and receive the related premiums to the same extent as set forth in the Assured Treatment below; provided that if Assured is not offered the opportunity to provide such wrap, to provide such DSRF surety and receive such premiums, then Assured’s Stipulated Treatment shall be adjusted to compensate Assured for the loss of that value; and, provided further, that if Assured is offered the opportunity to provide such wrap, to provide such DSRF surety and receive such premiums, and it declines to do so, Assured’s stipulated treatment shall not be adjusted to include such value (collectively, the “**Stipulated Treatment**”).

(iii) If at any time after September 1, 2019, the Supporting Holders who have not committed a Bondholder Breach hold or insure less than the applicable Required Threshold, then upon notice in accordance with Section 27 from any of the Required Holders or any of the Government Parties, the remaining Supporting Holders shall have 60 days to obtain signatures to this Definitive RSA from additional Bondholders or acquire additional Uninsured Bonds such that the Bonds subject to this Definitive RSA equal or exceed the Required Threshold (each such 60 day period, a “**Joinder Period**”) and the Government Parties shall cooperate with the Supporting Holders in connection therewith including posting appropriate notices on EMMA; provided, however, that any such Joinder Period shall terminate no later than ten (10) days prior to the date of the hearing on the Disclosure Statement. Any Uninsured Bond that becomes subject to this Definitive RSA during a Joinder Period shall begin receiving its first pro rata share of any Settlement Payments and accruing Administrative Claims as of the applicable Administrative Claim Commencement. Bonds that have a particular Administrative Claim Commencement shall be identified by a separate CUSIP in accordance with Section 2(f) or, if mutually agreed to by the Required Parties, be subject to a special administrative claim bar date under the Plan. Uninsured Bonds purchased by Supporting Holders after September 1, 2019, at any period other than during a Joinder Period shall not be entitled to Administrative Claims, Settlement Payments, Increased Settlement Payments, or Adequate Protection Payments but

shall be subject to this Definitive RSA for all other purposes, including voting obligations and entitlement to the Stipulated Treatment.

(iv) The 9019 Order shall provide that in the event of a Securitization Termination then, and unless the Title III Case has been dismissed, until the occurrence of an Individual Termination (as to such applicable Bondholder) or a Stipulated Treatment Termination (as to all Supporting Holders), Settlement Payments (or Increased Settlement Payments or Adequate Protection Payments, as applicable) shall continue to be made to the Supporting Holders and the Administrative Claims shall continue to accrue. In the event of an Individual Termination (as to such applicable holder) or a Stipulated Treatment Termination (as to all Supporting Holders), any accrued and unpaid Administrative Claim shall be disallowed; provided that, with regard to a Stipulated Treatment Termination under Section 9(c)(i)(6), Supporting Holders will be entitled to an Administrative Claim that will have accrued through the date the Title III Court first denied confirmation of a Plan where such denial is not solely on grounds raised in an objection by PREPA or AAFAF (“**Surviving Administrative Claim**”).

(d) Settlement Payments and Administrative Claims.

(i) Subject to entry of the 9019 Order, the Government Parties shall implement and collect the Settlement Charge and make the Settlement Payments.

(ii) Subject to approval of the Title III Court, the Settlement Payments shall be made solely on account of Bonds subject to this Definitive RSA at the time such Settlement Payment is made on a pro rata basis based on the outstanding principal amounts of the Bonds subject to this Definitive RSA; provided that no Settlement Payment shall be made on any Bond that is not subject to this Definitive RSA by September 1, 2019 (unless such Bond is an Uninsured Bond that becomes subject to this Definitive RSA during a subsequent Joinder Period) and no Bondholder shall receive any Settlement Payments on account of Bonds held by such Bondholder after an Individual Termination as to such Bondholder. Any Settlement Payments made on account of Assured Insured Bonds shall be made to Assured.

(iii) If a Bond is subject to this Definitive RSA prior to Administrative Claim Commencement and the 9019 Order is entered (and a Stipulated Treatment Termination does not occur subsequently as a result of the 9019 Order being reversed on appeal), such Bond subject to this Definitive RSA shall be entitled to a stipulated administrative expense claim for

(x) an amount equivalent to the Tranche A Bond interest payments accrued in respect of such Bond (including accruals at the same rate on such interest payments that would have been due on any interest payment date for Tranche A Bonds if such bonds were issued as if such interest payments were paid in kind), less

(y) the amount of Settlement Payments or Increased Settlement Payments that are made on account of such Bond (such claim, the “**Administrative Claim**”)

from and after the Administrative Claim Commencement applicable to such Bond until the earliest of (A) a Stipulated Treatment Termination, (B) with respect to a Supporting Holder, an Individual Termination with respect to such Supporting Holder, or (C) the Effective Date of a Plan in PREPA’s Title III Case. The Administrative Claims shall also include accrual and payment-in-kind of interest on the Waiver and Support Fees.

(iv) In lieu of Settlement Payments and/or cash payment of Administrative Claims on the Effective Date of a Plan (to the extent the Government Parties elect to pay Administrative Claims in cash), an individual Supporting Holder may elect to receive Tranche A Bonds for its Administrative Claims at the Exchange Ratio for Administrative Claims; provided that such election shall be structured as between the Supporting Holders and in a manner that does not increase the aggregate Administrative Claim or Transition Charge that would otherwise be payable under this Definitive RSA. If no agreement is reached by the Required Holders on implementing the election as provided herein, then no such election shall be available.

(v) Effective on the earlier of May 1, 2019 and the date of entry of the 9019 Order, solely for purposes of the 9019 Settlement and recoveries under this Definitive RSA, interest accrual on the Bonds shall be deemed to terminate. In the event of a Stipulated Treatment Termination or an Individual Termination, all Parties reserve all rights regarding post-petition interest.

(e) Delayed Implementation Date.

(i) If a Title III plan for PREPA has not been confirmed and has not gone effective (and no other transaction has been consummated pursuant to which the Stipulated Treatment or the Securitization Bonds have been provided) by March 31, 2021 (the “**Delayed Implementation Date**”), and subject to and conditioned upon issuance or enactment of all required legislative and regulatory approvals, PREPA shall put into effect a charge equal to the Transition Charge that would have gone into effect on that date assuming the Effective Date occurred and Securitization Bonds were issued on such date, which charge shall thereafter increase from time to time as if the Securitization Bonds were outstanding (the “**Increased Settlement Charge**”).

(ii) Collections on account of the Increased Settlement Charge shall be (A) paid monthly (the “**Increased Settlement Payments**”), pro rata on account of Bonds that are subject to this Definitive RSA and became subject to this Definitive RSA prior to September 1, 2019 or, in the case of Uninsured Bonds, during a Joinder Period, unless otherwise mutually agreed to by the Required Parties on terms mutually agreed to by the Required Parties, and (B) applied (y) first on

account of accrued and unpaid Administrative Claims (subject to any election to receive the Administrative Claims in Tranche A Bonds as set forth in this Definitive RSA), and (z) after payment of the Administrative Claims, to reduction of the Allowed Claim or amount of the Tranche A Bonds (as applicable); provided, however, only amounts actually collected by PREPA on account of the Increased Settlement Charge are required to be distributed.

(iii) On and after the Delayed Implementation Date, the obligation to make Settlement Payments shall be replaced by the obligation to make Increased Settlement Payments.

(iv) On and after the Delayed Implementation Date, the accrual of Administrative Claims in favor of the eligible Bonds held or insured by Supporting Holders shall continue, to the extent not paid by the Increased Settlement Charge, for an amount equal to the higher of (i) an amount equivalent to Tranche A interest payments (including accruals on unpaid Administrative Claims as if such unpaid Administrative Claims were paid in kind semi-annually) and (ii) an amount equal to the difference between (A) the amount of any Increased Settlement Payments or Adequate Protection Payments that would have been required to have been made as set forth above and (B) the amount of any Increased Settlement Payments or Adequate Protection Payments actually received in respect of such Bond. If the payment (whether in cash or in Tranche A Bonds) of any resulting Administrative Claim under clause (ii) exceeds the amount in clause (i), the Allowed Claim or the principal amount of Tranche A Bonds to be issued at Effective Date, as applicable, shall be reduced by the amount of such excess.

(v) To the extent the Securitization Bond Treatment or the Stipulated Treatment is provided after the Delayed Implementation Date, the terms of such Securitization Bonds or Stipulated Treatment, including maturity of the Tranche B Bonds and accrual of the Tranche B Bond amounts between the Delayed Implementation Date and the Effective Date, if applicable, shall be adjusted in a manner mutually agreed upon by the Required Parties (or if no such agreement can be reached, as ordered by the Title III Court) to take into account the Increased Settlement Payments made prior to the date of issuance of the Securitization Bonds or the provision of the Stipulated Treatment so that the cost to the Government Parties (and recovery on account of any Bond) is no greater (and no less) than that of the 9019 Settlement (including with respect to the maturity of the Securitization Bonds or the Stipulated Treatment to be provided under this Definitive RSA, as applicable).

(vi) On and after the Delayed Implementation Date, no Increased Settlement Payments shall be made if an Individual Termination (as to such applicable Bondholder) or if a Stipulated Treatment Termination (as to all Supporting Holders) occurs or has occurred, and any Administrative Claim accrued by such Supporting Holders under this Definitive RSA shall be expunged and disallowed as a result of an Individual Termination (as to such applicable Bondholder) or a Stipulated Treatment Termination (as to all Supporting Holders),

other than the Surviving Administrative Claim. In addition, the obligation to make Increased Settlement Payments shall terminate on the earliest of (i) a termination pursuant to Section 9(d)(vi) as to PREPA or AAFAF, (ii) the Effective Date of a Plan (or the effective date of another transaction pursuant to which the Securitization Bond Treatment or Stipulated Treatment is provided), or (iii) dismissal of the Title III Case.

(vii) The 9019 Order shall provide that, if the Delayed Implementation Date occurs and PREPA has not implemented the Increased Settlement Charge to the extent required by this Definitive RSA, or in the event the Delayed Implementation Date occurs or has passed and PREPA is no longer a party to the RSA due to a termination pursuant to Section 9(d)(vi), then PREPA shall be obligated pursuant to the 9019 Order to make cash adequate protection payments (the “**Adequate Protection Payments**”) on a monthly basis in an amount equal to the amount of Increased Settlement Payments (as defined below) that would have been required had the Increased Settlement Charge been implemented on such date and assuming that all Increased Settlement Payments would have been made to eligible Bonds subject to this Definitive RSA. PREPA’s obligation to make Adequate Protection Payments shall terminate on the earliest of (i) the date the Increased Settlement Charge is implemented, (ii) the Effective Date of a Plan (or the effective date of another transaction pursuant to which the Securitization Bond Treatment or Stipulated Treatment is provided), (iii) in the case of an individual Supporting Holder, an Individual Termination, or (iv) in the case of all Supporting Holders, a Stipulated Treatment Termination.

(f) Tracking Provisions.

(i) Uninsured Bonds held by Supporting Holders shall be assigned alternative identifying CUSIPs to allow such Uninsured Bonds to be freely transferable and remain subject to the provisions of this Definitive RSA. The Supporting Holders shall, and to the extent necessary shall direct the Trustee to, cooperate with the Government Parties in obtaining the alternative identifying CUSIPs. The details of the foregoing, as well as other mechanisms for implementing, tracking and disclosing the different payments and claims that Bonds are entitled to hereunder, shall be set forth on a term sheet to be mutually agreed upon by the Required Parties and filed with the Title III Court prior to entry of the 9019 Order (the “**Tracking Mechanics Term Sheet**”). Such mechanisms shall be set up in such a manner such that they do not have an adverse effect on the enforceability, validity, tax exemption, or other rights of the Bonds, or on the lawful transferability of the Bonds under applicable securities laws.

(ii) The Supporting Holders shall (A) to the extent necessary, direct the Trustee to cooperate with the Government Parties in obtaining the alternative identifying CUSIPs, and (B) take the related actions agreed upon in the Tracking Mechanics Term Sheet.

Section 3 Litigation Stay and Forbearance.

The Parties agree as follows:

(a) The Ad Hoc Group shall support dismissal of the Monoline Motion. Assured shall not oppose the Dismissal Motion and shall withdraw from the Monoline Motion upon the granting of the Settlement Motion.

(b) Unless all applicable deadlines on the Monoline Motion are extended as mutually agreed by the Parties and the other movants, the Ad Hoc Group, Assured, and the Government Parties shall jointly file an urgent motion(s) (or separate motions and/or joinders thereto) with the Title III Court as soon as practicable seeking to stay all applicable deadlines for the Monoline Motion (the “**Stay Motion**”) until five (5) business days after the later of the date of entry of the 9019 Order and the date of entry of the order resolving the Dismissal Motion.

(c) The Government Parties, Ad Hoc Group, Assured, and the Trustee shall execute an agreement tolling all unexpired statutes of limitations for all causes of action related to the Bonds, including any Lien Challenge and any potential Bondholder Litigation (the “**Tolling Agreement**”) and request Title III Court approval of such Tolling Agreement. By signing this RSA after the RSA Execution Date, a Supporting Holder shall be deemed to have joined the Tolling Agreement.

(d) If a Bondholder Litigation (as defined below) is commenced or continued, the Parties shall work in good faith to have such Bondholder Litigation dismissed, stayed, or withdrawn; provided that, so long as the Ad Hoc Group and Assured are in compliance with this covenant, only Supporting Holders that are represented by counsel that has appeared in the Title III Case shall be required to file a pleading pursuant to this covenant but all Supporting Holders will be required to otherwise work in good faith.

(e) The Government Parties shall not commence a Lien Challenge except in the following circumstances: (i) if an order granting the Stay Motion has not been entered by May 3, 2019 (or such later date as the Government Parties’ response to the Monoline Motion is required to be filed); (ii) a Triggering Event has occurred; (iii) if any applicable statute of limitations is expiring within the next seven (7) days; (iv) FOMB’s authority to prosecute PREPA’s Title III Case is expiring; or (v) with the written consent of the Required Holders; provided that in the case of clause (iii) or (iv) above, none of the Government Parties shall commence a Lien Challenge so long as the applicable statute of limitations is (and remains) tolled (including, without limitation, as to FOMB, any future or successor to FOMB, and any members thereof) by an order of the Title III Court in form and substance acceptable to each of the Required Parties. If any of the Government Parties files a Lien Challenge permitted by clause (iii) or (iv) above, the Government Parties shall use commercially reasonable efforts to stay any further proceedings in respect of such Lien Challenge (including extending all relevant deadlines and otherwise forbearing from pursuit of such Lien Challenge) if they are able to do so in a manner that does not prejudice their ability to resume or prosecute the Lien Challenge after expiration or termination of such stay. If any of the Government Parties files a Lien Challenge permitted by clause (i) above, the Government Parties shall seek a stay of such Lien Challenge (including extending all relevant deadlines and otherwise forbearing from pursuit of such Lien Challenge) concurrently with any filing of an

adversary complaint related to the Lien Challenge, and request that the stay shall continue until the Government Parties would have otherwise been permitted to commence a Lien Challenge under the terms hereof; provided that such stay shall only go into effect if the Stay Motion is granted and the Government Parties shall be permitted to prosecute the Lien Challenge until the Stay Motion is granted or the Monoline Motion is denied or dismissed.

(f) Except as otherwise permitted by this Agreement (including Sections 3(g) and 3(h)), Supporting Holders cannot contest or defend against a Lien Challenge on any grounds. In the event a Lien Challenge is commenced at any time prior to entry of the 9019 Order and such Lien Challenge has not been stayed, the Supporting Holders reserve all rights regarding such Lien Challenge, nothing herein shall constitute an admission by the Supporting Holders as to the Government Parties' authority or standing to prosecute such Lien Challenge or the merits of their claims, and, subject to any right herein of any Government Party to declare a Stipulated Treatment Termination prior to entry of the 9019 Order, the Supporting Holders shall have the right to contest and defend against such Lien Challenge on any grounds, including bringing counterclaims related to such Lien Challenge, which defense or counterclaims shall be withdrawn without prejudice upon entry of the 9019 Order, and, notwithstanding anything herein to the contrary, such contest or defense prior to entry of the 9019 Order by the Supporting Holders shall not be considered to have been a Bondholder Litigation or Bondholder Breach.

(g) If a Lien Challenge is brought by the Government Parties at any time in violation of the terms hereof, the Supporting Holders shall have the right to contest and defend against such Lien Challenge on any grounds, including bringing counterclaims related to such Lien Challenge, and, notwithstanding anything herein to the contrary, such contest or defense by the Supporting Holders shall not be considered a Bondholder Litigation or Bondholder Breach and shall not be grounds for the Government Parties to declare a Stipulated Treatment Termination.

(h) Notwithstanding anything to the contrary herein, upon the commencement of any Lien Challenge, Assured and the Ad Hoc Group shall have the right to file briefs and participate in oral argument with respect to such Lien Challenge and to otherwise appeal any legal issues implicated in such Lien Challenge, and such participation by Assured and the Ad Hoc Group in any Lien Challenge shall not be considered to have been a Bondholder Litigation or a Bondholder Breach, and shall not be grounds for the Government Parties to declare an Individual Termination or a Stipulated Treatment Termination; provided, however, that Assured and the Ad Hoc Group shall not have the right to participate in discovery in such Lien Challenge.

(i) The 9019 Order shall provide that no person or entity (including a person or entity acting on behalf of a Government Party) other than the Government Parties shall have standing or otherwise be permitted to bring a Lien Challenge.

(j) Subject to Sections 7(a)(i) - (ii), the Transformation Transaction structure shall be in the sole discretion of the Government Parties.

(k) The Supporting Holders shall support and not interfere with Transformation Transaction to the extent such Transaction is consistent with Sections 7(a)(i) - (ii).

(l) To the extent any consents are required for a Transformation Transaction from the Supporting Holders, such consent shall not be unreasonably withheld or delayed, subject to a good faith determination that such Transformation Transaction will not adversely affect its Stipulated Treatment and is otherwise in compliance with Sections 7(a)(i) - (ii).

(m) The Supporting Holders may take actions reasonably necessary to protect their rights and treatment under this Definitive RSA, including the value of the recovery thereunder, which actions may include, without limitation, opposing any request by the Government Parties for approval of any priming post-petition financing arrangement; provided that such actions shall not include (i) seeking appointment of a receiver, (ii) exercising any rights or remedies under the Trust Agreement or the Puerto Rico Electric Power Authority Act (Act 83-1941), as amended (including actions as a Bondholder on account of the Bonds and including seeking adequate protection), or (iii) preventing or seeking to prevent the Government Parties from providing the Supporting Holders with the Stipulated Treatment; provided that the preceding clause (iii) shall not prevent Supporting Holders from objecting to a Plan, qualifying modification, exchange, or restructuring through a Permitted Objection. Nothing herein shall prevent a Supporting Holder from challenging any action to prime the Bonds subject to this Agreement; provided that Supporting Holders shall not be permitted to seek appointment of a receiver (or seek to lift the stay to seek a receiver) as part of such a challenge. Notwithstanding anything herein to the contrary, any action permitted pursuant to this paragraph shall not constitute a Bondholder Litigation or Bondholder Breach.

(n) The Supporting Holders shall not take any actions preventing or seeking to prevent the Government Parties from providing the Supporting Holders with the Stipulated Treatment; provided that this subsection (n) shall not prevent Supporting Holders from taking actions expressly permitted under the terms of this Agreement, including objecting to a Plan, qualifying modification, exchange, or restructuring through a Permitted Objection.

(o) Supporting Holders hereby consent to an amendment to the Trust Agreement (the “**TA Amendment**”) to increase certain thresholds for certain Bondholder action or direction under Sections 502, 804 and 808 of the Trust Agreement to no more than a majority in aggregate principal amount of the outstanding Bonds if and to the extent that the Required Parties deem the TA Amendment to be reasonable and appropriate to facilitate implementation of the RSA. Upon the request of the Required Parties, Supporting Holders agree to take commercially reasonable efforts to promptly confirm and transmit such consent to any parties necessary to ratify the TA Amendment.

Section 4 Waiver and Support Fees.

(a) On the Effective Date and concurrently with the issuance of the Securitization Bonds, the Ad Hoc Group members shall receive a waiver and support fee in the form of Tranche A Bonds, which, as of May 1, 2019, equals 1.9350% of the par amount of PREPA Bonds held as of July 1, 2018 by the Ad Hoc Group (as defined in the Preliminary RSA) members in the aggregate (the “**Ad Hoc Group Waiver and Support Fee**”). The Ad Hoc Group Waiver and Support Fee shall be allocated among the members of the Ad Hoc Group as set forth on Annex B hereto, which Annex B shall be in the sole discretion of the Ad Hoc Group. Once Annex B is finalized, counsel to the Ad Hoc Group shall notify counsel to the Government Parties, and

following finalization, Annex B cannot be amended without the consent of every Supporting Holder listed therein.

(b) On the Effective Date and concurrently with the issuance of the Securitization Bonds, Assured shall receive a waiver and support fee in the form of Tranche A Bonds initially equal to 1.8850% of the par amount of PREPA Bonds held or insured by Assured as of May 1, 2019.

(c) Additional support (and potential waiver) fee in the form of Tranche A Bonds initially equal to 0.8360% of par amount of total outstanding PREPA Bonds as of May 1, 2019, to be provided to Supporting Holders, including additional signatories, in a manner to be mutually agreed upon by the Required Parties.

(d) Any unpaid fee payable at any time to any Ad Hoc Group Member or other Supporting Holder (including Administrative Claims accruing on Waiver and Support Fees) shall not be paid to such Ad Hoc Group Member or other Supporting Holder if there has been an Individual Termination as to such Ad Hoc Group Member or other Supporting Holder, and such unpaid fee shall be reallocated among the Ad Hoc Group (in the case of a termination as to an Ad Hoc Group Member) or the Supporting Holders.

Section 5 Mutual Obligations and Acknowledgments.

(a) Each Party shall work collaboratively and in good faith with the other Parties to finalize, document, and implement the 9019 Settlement and Plan incorporating the terms and conditions described in this Agreement and such other terms, conditions, and documents necessary or appropriate to implement and effectuate the 9019 Settlement and the Plan based on, and consistent with, this Agreement, including without limitation the Definitive Documents and the Additional Definitive Documents. The Definitive Documents shall meet the standards set forth in Section 1(b)(iv) herein. The Additional Definitive Documents shall meet the standards set forth in Section 1(b)(v) herein.

(b) Each Party shall refrain from promoting or supporting (by providing legal or financial advice or assistance), or entering into any agreement, in each case that is materially inconsistent with the Restructuring or this Definitive RSA, that would materially and adversely affect the ability of the Government Parties to comply with their respective obligations under this Definitive RSA, the Definitive Documents, or the Additional Definitive Documents (to the extent relating to treatment of Bonds subject to the RSA), or that would prevent the Government Parties from providing the Securitization Bond Treatment or the Stipulated Treatment, as applicable. Except as set forth herein, nothing in this Agreement shall prevent any Government Party from discharging its statutory duties, including by amending the Fiscal Plan or budget or commencing or defending any litigation against any party (other than the Supporting Holders, solely in their capacity as Bondholders).

(c) The Parties shall use commercially reasonable efforts to cause each of the below milestones to occur by the dates specified therein:

(i) the filing of the Settlement Motion no later than ten (10) business days after execution of this Agreement by the Required Parties;

- (ii) the entry of the 9019 Order by June 30, 2019;
- (iii) the implementation of the Settlement Charge by July 1, 2019;
- (iv) the commencement of the Settlement Payments by August 30, 2019;
- (v) the enactment of all legislation necessary to support the Restructuring by the date the Plan is filed;
- (vi) the filing of the Plan by March 31, 2020;
- (vii) the occurrence of the Effective Date and issuance of the Securitization Bonds or Stipulated Treatment by the Outside Date.

(d) Except as expressly provided herein, this Agreement shall not require any Supporting Holder to expend any cash resources or assume any additional risk or liability (including, for the avoidance of doubt, indemnifying the Trustee) in support of the Plan or this Agreement.

Section 6 Agreements of the Supporting Holders.

(a) Agreement to Vote and other Covenants. Subject to the terms and conditions hereof, each Supporting Holder agrees that it shall:

(i) subject to the receipt by such Supporting Holder of the Disclosure Statement, vote or cause to be voted its Claims with respect to Bonds (and, in relation to Assured, Claims with respect to the Assured Insured Interest Rate Swaps) beneficially owned or controlled (including pursuant to a Bond Insurance Agreement) by it for voting purposes, whenever acquired, to accept a Plan that is consistent with the Definitive RSA by delivering its duly executed and completed ballots accepting the Plan on a timely basis and not object to such Plan other than through a Permitted Objection; provided that, in the case of Insured Bonds, an Uninsured Supporting Holder shall only be obligated to vote the Insured Bonds beneficially owned or controlled by it if the conditions set forth in Section 6(d) are satisfied; provided, further, with respect to votes contemplated by this Section 6(a)(i) or 6(b), in the event of a declaration of a Stipulated Treatment Termination or an Individual Termination (or, in the case of this Section 6(a)(i), a Securitization Termination) as to any Supporting Holder prior to the Effective Date, then (A) the votes of such Supporting Holder, if the voting deadline has not passed, shall be immediately and automatically revoked and deemed void *ab initio*, and (B) if the voting deadline has passed, nothing shall prevent such Supporting Holder from petitioning the Title III Court (or other applicable court) to allow it to change or withdraw its vote;

(ii) support and take any and all commercially reasonable, necessary, or appropriate actions to facilitate, implement, and consummate the Restructuring, including, without limitation, by working cooperatively with the Government Parties, Assured, the Ad Hoc Group, and the other Supporting Holders to prepare

and execute any documentation necessary (including the Definitive Documents and Additional Definitive Documents) and by giving any notices, orders, instructions, or directions that are commercially reasonable, necessary, or appropriate to support, facilitate, implement, or consummate, or otherwise give effect to, the Restructuring; provided, however, that nothing in this Agreement shall require any Party to indemnify any person; and

(iii) at the reasonable request of any of the Government Parties, the Supporting Holders shall support the confirmation of the Plan, including by supporting the Government Parties' efforts to defend against objections to confirmation and other Plan-related litigation; provided that nothing herein shall require a Supporting Holder to file pleadings adverse to (A) itself in any capacity or (B) its rights under Bond Insurance Agreements; and provided further that, so long as the Ad Hoc Group and Assured are in compliance with this covenant, only Supporting Holders that are represented by counsel that has appeared in the Title III Case shall be required to file a pleading pursuant to this covenant but all Supporting Holders will be required to otherwise support confirmation of the Plan.

(b) Agreement to Vote for Stipulated Treatment. If a Supporting Holder is entitled to the Stipulated Treatment and such Stipulated Treatment is offered in any Plan, qualifying modification, exchange, or restructuring of the Bonds after a Securitization Termination, then, subject to the receipt by such Supporting Holder of appropriate disclosure documents, such Supporting Holder shall vote or cause to be voted, or provide consent on behalf of, its Bonds or Claims with respect to Bonds (and, in relation to Assured, Claims with respect to the Assured Insured Interest Rate Swaps) beneficially owned or controlled (including pursuant to a Bond Insurance Agreement) by it for voting purposes to accept or consent to such Plan, qualifying modification, exchange, or restructuring by delivering its duly executed and completed ballots or consents to such Plan, qualifying modification, exchange, or restructuring on a timely basis and not object to such Plan, qualifying modification, exchange, or restructuring other than through a Permitted Objection; provided that such vote is subject to revocation on the terms set forth in Section 6(a)(i).

(c) Transfers.

(i) No Supporting Holder shall sell, assign, transfer or otherwise pledge or dispose of (“**Transfer**”) any Uninsured Bonds beneficially owned by such Supporting Holder, or any voting, consent, or direction rights related to such Uninsured Bonds, provided, however, that such Transfer may be made (A) if the transferee is a Supporting Holder at the time of the Transfer or (B) if the transferee is not a Supporting Holder at the time of the Transfer, such transferee delivers to counsel to the Ad Hoc Group, PREPA, AAFAF, and FOMB, at or prior to the consummation of the Transfer, the Joinder Agreement attached hereto as Exhibit A, pursuant to which such transferee shall assume all rights and obligations (other than the right to the Waiver and Support Fees) of such Supporting Holder transferor hereunder with respect to the transferred Bonds (such transferee (a “**Bond Qualified Transferee**”), if any, shall also be a Supporting Holder hereunder). Subject to Section 6(c)(iv), any additional Bonds held by such Bond Qualified

Transferee at the time it joins this Definitive RSA shall become subject to this Definitive RSA. To the extent that a Transfer violates the provisions of this Section 6, the Transfer shall be void *ab initio* and the applicable Uninsured Bonds and the Supporting Holder attempting the Transfer of the Uninsured Bonds shall continue to remain subject to the terms of this Agreement and count towards the Required Threshold if the Supporting Holder can demonstrate to the satisfaction of the Government Parties in their sole discretion that they retain control of such Bond.

(ii) Qualified Marketmaker. Notwithstanding anything contained in this Agreement to the contrary,

(1) solely prior to the RSA Marketmaker Period or any other time during which there are no RSA Marketmakers listed on the RSA Marketmakers List, a Supporting Holder may Transfer any right, title or interest in the Uninsured Bonds to a Qualified Marketmaker, acting in its capacity as a Qualified Marketmaker, without the requirement that such Qualified Marketmaker be or become a Supporting Holder; provided that such Qualified Marketmaker subsequently Transfers such right, title or interest in the Uninsured Bonds to a Supporting Holder or a Bond Qualified Transferee within the date that is thirty (30) business days after such Qualified Marketmaker's acquisition of such right, title or interest, and in any event no later than ten (10) business days prior to the voting deadline on the Plan, qualifying modification, exchange, or other restructuring of the Uninsured Bonds pursuant to which the Securitization Bond Treatment or the Stipulated Treatment is being offered (the "Marketmaker Holding Period"). For the avoidance of doubt, upon expiration of the Marketmaker Holding Period, if the Qualified Marketmaker has not Transferred such right, title or interest in the Uninsured Bonds to a Supporting Holder or a Bond Qualified Transferee, the Qualified Marketmaker shall be required to sign the Joinder Agreement attached hereto as Exhibit A, which Joinder Agreement shall be binding with respect to any Uninsured Bonds subject to this Definitive RSA that are held by such Qualified Marketmaker in its capacity as a Qualified Marketmaker. Whether the Qualified Marketmaker signs a Joinder Agreement or not, upon expiration of the Marketmaker Holding Period, the Qualified Marketmaker (by accepting or otherwise participating in the Transfer of Uninsured Bonds subject to this Definitive RSA) will be deemed to have agreed to comply with the voting obligations set forth in Sections 6(a) and (b) hereto; provided, however, that such obligations shall be replaced by the obligations in the RSA Marketmaker Joinder if such Qualified Marketmaker subsequently becomes an RSA Marketmaker. If a Qualified Marketmaker does not comply with the foregoing procedures, such failure by such Qualified Marketmaker to comply shall not be considered a Bondholder Breach by such Transferring Supporting Holder unless (i) the Supporting Holder transferring such Uninsured Bonds does not inform the Qualified Marketmaker that such Uninsured Bonds are subject to the RSA and (ii) the Qualified Marketmaker fails to vote the subject Uninsured Bonds as required under this Agreement,

in which case such failure shall be deemed to be a Bondholder Breach by the Transferring Supporting Holder;

(2) during the RSA Marketmaker Period, so long as at least one RSA Marketmaker appears on the RSA Marketmakers List, a Supporting Holder may transfer any right, title or interest in the Uninsured Bonds to either (x) another Supporting Holder or other Bond Qualified Transferee in accordance with Section 6(c)(i) or (y) an RSA Marketmaker (and not any other Qualified Marketmaker), acting in its capacity as a Qualified Marketmaker, without the requirement that such RSA Marketmaker be or become a Supporting Holder; provided that such RSA Marketmaker pursuant to clause (y) above shall be obligated to comply with its obligations under its RSA Marketmaker Joinder; provided further that failure of such RSA Marketmaker to comply with its obligations shall not be considered a Bondholder Breach by a Transferring Supporting Holder unless (i) the Supporting Holder transferring such Uninsured Bonds does not inform the RSA Marketmaker that such Uninsured Bonds are subject to the RSA and (ii) the RSA Marketmaker fails to vote the subject Uninsured Bonds as required under its RSA Marketmaker Joinder; provided, that after voting, if the class in which the Bonds are classified has not accepted a Plan providing the Securitization Bond Treatment or Stipulated Treatment due to failure of one or more RSA Marketmakers to vote Uninsured Bonds subject to this Definitive RSA in compliance with the provisions of the Definitive RSA, then a two (2) week Joinder Period shall be declared (during which time the Parties shall work together to cause the RSA Marketmaker to vote Uninsured Bonds it holds), and if the requisite votes have not been received upon expiration of such Joinder Period (or, if later, a new voting deadline), then any of the Government Parties can declare a Stipulated Treatment Termination pursuant to Section 9(c)(i)(3);

(3) to the extent that a Supporting Holder is acting in its capacity as a Qualified Marketmaker, it may Transfer any right, title or interest in the Bonds that the Qualified Marketmaker acquires from a holder of the Bonds that is not a Supporting Holder without the requirement that the transferee be or become a Supporting Holder; and

(4) a Qualified Marketmaker may, with the consent of the Government Parties, which consent shall not be unreasonably withheld, join this Definitive RSA solely on behalf of a specific trading desk.

(iii) Notice of Transfers. In connection with any Transfer of an Uninsured Bond by a Supporting Holder, such Supporting Holder shall (A) give notice to its direct transferee that the Uninsured Bonds it is Transferring are Uninsured Bonds subject to this Definitive RSA, and (B) give notice to counsel to the Ad Hoc Group and counsel to each of the Government Parties of (i) the CUSIP (or, when available, alternative identifying CUSIP) of Uninsured Bonds it is Transferring, (ii) the principal amount being Transferred, and (iii) the name of the

Supporting Holder or Qualified Marketmaker that is the direct transferee. Failure to give such notices shall not constitute a Bondholder Breach, nor shall it invalidate such Transfer.

(iv) Additional Bonds. Any Supporting Holder may purchase additional Bonds, and any Bondholder may become a Supporting Holder by signing a Joinder Agreement; provided that (A) any such acquired Bonds (and any Bonds held by such joining Bondholder) shall automatically and immediately be deemed subject to all of the terms of this Definitive RSA (including, in the case of Uninsured Bonds, the obligations of the Supporting Holders under this Section 6); provided that (x) Uninsured Bonds that become subject to this Definitive RSA after September 1, 2019, at any period other than during a Joinder Period, shall not be entitled to Administrative Claims, Settlement Payments, Increased Settlement Payments, or Adequate Protection Payments but shall be subject to this Agreement for all other purposes, including voting obligations and entitlement to the Stipulated Treatment, and (y) Other Insured Bonds shall not be entitled to any rights or distributions under this Definitive RSA and (B) on the first of each month, all Supporting Holders shall notify counsel for the Ad Hoc Group (who shall notify the Government Parties) of the amounts and types of Uninsured Bonds acquired during the previous month and the date of such acquisition.

(v) Reporting. Upon the reasonable request of a Required Party, each Supporting Holder shall provide its holdings to counsel to each Required Party.

(vi) Holdings Confidential. Any disclosure by any Supporting Holder to any other Party of its holdings of Bonds shall be treated as confidential information by such other Party unless such other Party receives such information through other means that are not subject to a duty of confidentiality. The foregoing shall not prohibit disclosure of the aggregate principal amount of Bonds held by the Ad Hoc Group or all Supporting Holders collectively and shall not limit the duty of any Party to disclose holdings as required by law, including pursuant to Bankruptcy Rule 2019 or as otherwise required by the Title III Court.

(vii) The Ad Hoc Group. The Ad Hoc Group Members as of the date hereof are listed on Annex A hereto. The members of the Ad Hoc Group may change from time to time upon delivery by counsel to the Ad Hoc Group of a notice to FOMB, PREPA, AAFAF, and Assured with an updated Annex A, and, in the case of the addition of a person to the Ad Hoc Group who is not otherwise party to this Agreement, execution by such person of a Joinder Agreement and delivery of such Joinder Agreement to counsel to FOMB, PREPA, and AAFAF.

(viii) Joinders. In the event a Party to this Agreement receives a Joinder Agreement that was not sent to counsel to the Ad Hoc Group, PREPA, AAFAF and FOMB, then such Party shall forward such Joinder Agreement to counsel to the aforementioned Parties that did not receive such Joinder Agreement.

(d) Insured Bonds Held by Uninsured Supporting Holders.

(i) Assured shall have all of the rights and obligations related to any Assured Insured Bonds and the Assured Insured Interest Rate Swaps, including without limitation the exclusive right to vote such Assured Insured Bonds and Assured Insured Interest Rate Swaps on account of any Plan, other than as expressly set forth in this Section 6(d), Section 9(c) and Section VII(b) of the Recovery Plan Term Sheet, and the 9019 Order shall provide the same. In addition, the Bonds insured by any other monoline insurer (the “**Other Insured Bonds**”) shall not be entitled to any rights or distributions under this Definitive RSA or the 9019 Order.

(ii) The obligations of Uninsured Supporting Holders with respect to any Insured Bonds held by such Supporting Holder shall be as follows:

(1) With respect to Assured Insured Bonds, the Uninsured Supporting Holders shall be subject to the obligations concerning Bondholder Litigation and Bondholder Breach and, if there is a court order providing that the Uninsured Supporting Holders are entitled to vote such Assured Insured Bonds and that such vote shall not adversely affect its rights under the Bond Insurance Agreements, each Uninsured Supporting Holder shall be obligated to vote any Assured Insured Bonds held by such Uninsured Supporting Holders as of the record date in accordance with this Definitive RSA; provided that such Uninsured Supporting Holder may file a Permitted Objection. The Uninsured Supporting Holders shall not have any other obligations with respect to Assured Insured Bonds under this Definitive RSA or the 9019 Order, and shall be permitted to transfer such bonds without any requirement that the transferee sign a Joinder Agreement. Nothing in this Definitive RSA or the 9019 Order shall prejudice the rights of the beneficial holders of any Assured Insured Bonds against Assured.

(2) With respect to the Other Insured Bonds, the Uninsured Supporting Holders shall be subject to the obligations concerning Bondholder Litigation and Bondholder Breach and, if there is a court order providing that its vote shall not adversely affect its rights under the Bond Insurance Agreements, each Uninsured Supporting Holder shall be obligated to vote any Other Insured Bonds held by such Uninsured Supporting Holders as of the record date in accordance with this Definitive RSA; provided that such Uninsured Supporting Holder may file a Permitted Objection. The Uninsured Supporting Holders shall not have any other obligations with respect to Other Insured Bonds under this Definitive RSA or the 9019 Order, and shall be permitted to transfer such bonds without any requirement that the transferee sign a Joinder Agreement. Nothing in this Definitive RSA or the 9019 Order shall prejudice the rights of the beneficial holders of any Insured Bonds against such other monoline insurers.

Section 7 **Agreements of FOMB, PREPA, and AAFAF.**

(a) Each Government Party agrees that:

(i) prior to the Effective Date of a Plan and the issuance of the Securitization Bonds or the Stipulated Treatment, as applicable, and except with consent of the Required Parties, (x) a Transformation Transaction with regard to the transmission and distribution assets shall not close, and (y) PREPA shall not sell any of its generation assets to the extent used or useful in PREPA's operations.

(ii) the Government Parties shall not proceed with a Transformation Transaction that would prevent the Government Parties from providing the Stipulated Treatment;

(iii) the Government Parties shall use commercially reasonable efforts to cause any vacancies of independent board members to be filled promptly with other independent candidates selected and appointed in accordance with the criteria and procedures set forth in Act 4-2016, as amended;

(iv) PREPA shall provide the Supporting Holders (or, to the extent necessary, their advisors) with the following reports on a monthly basis, unless otherwise mutually agreed to by the Required Parties: (1) a 13-week cash flow, (2) a FEMA flash report, and (3) an account balance report;

(v) FOMB and AAFAF shall provide, within ten (10) business days, written notice to the Ad Hoc Group and Assured, between the date hereof and the Effective Date, of receipt of any notice that is not publicly available of any judicial proceeding commenced or threatened in writing against any Government Party related to PREPA, which could reasonably be expected to have a material, adverse impact on the treatment of the Supporting Holders under this Agreement;

(vi) each Government Party shall use commercially reasonable efforts to provide the Supporting Holders with periodic updates and current information regarding the progress of and details concerning the Transformation Transaction (with a level of detail similar to the information previously provided in the bi-weekly PREPA mediation call); provided that the Government Parties shall not be required to provide any non-public or confidential information unless the Supporting Holder or its advisors has executed a non-disclosure agreement with the Government Parties and the Puerto Rico Public Private Partnership Authority that contains customary restrictions on the ability to disclose or otherwise use such information in litigation; provided, further, that such failure to provide such information shall only entitle Supporting Holders to enforce this provision and no other remedies will be available;

(vii) each Government Party shall (A) act in good faith and use commercially reasonable efforts to support and complete successfully the Solicitation in accordance with the terms of this Agreement, (B) use commercially reasonable efforts to confirm the Plan and consummate the Restructuring and the transactions contemplated thereby in accordance with, and within the time frames contemplated by, this Agreement, (including preparing and executing any documentation necessary (including the Definitive Documents and the Additional

Definitive Documents (to the extent relating to treatment of Bonds subject to the RSA)), securing any necessary IRS Private Letter Ruling, and giving any notices, orders, instructions, or directions that are commercially reasonable, necessary, or appropriate to support, facilitate, implement, consummate, or otherwise give effect to the Restructuring, and (C) not take any action that would prevent the Government Parties from providing the Securitization Bond Treatment or Stipulated Treatment contemplated by this Agreement;

(viii) each of the Government Parties shall use commercially reasonable efforts to provide counsel to the Ad Hoc Group and Assured draft copies of material motions, applications, and other documents relating to the Bonds subject to this Agreement, the Restructuring, or this Agreement that such Government Party intends to file in the Title III Case with sufficient time to respond to and comment thereon;

(ix) FOMB shall amend PREPA's Fiscal Plan and certified budget as required to facilitate the Restructuring; and

(x) the Government Parties shall not enter into any restructuring support or similar agreement related to the Financial Indebtedness other than by amendment to this Agreement, unless consented to by the Required Parties.

(b) Each Government Party agrees that:

(i) to the extent the Government Parties, each acting in its sole discretion and after consultation with a designee of the Ad Hoc Group and a designee of Assured (provided such designees are subject to a non-disclosure agreement acceptable to the Government Parties), determine to apply for ratings on the Securitization Bonds, the Government Parties shall use their commercially reasonable efforts to obtain ratings on the Securitization Bonds, including promptly responding in good faith to documentary or other requests, as soon as reasonably practicable as determined solely by the Government Parties, following consultation with the aforementioned mentioned designee of the Ad Hoc Group and a designee of Assured. To the extent practicable the Government Parties shall provide counsel to the Ad Hoc Group and counsel to Assured drafts of written submissions related to such rating with sufficient time to comment thereon; provided that such counsel for the Ad Hoc Group and Assured are subject to a non-disclosure agreement acceptable to the Government Parties; and

(ii) the Government Parties shall consult with counsel for the Ad Hoc Group and counsel for Assured regarding any IRS Private Letter Ruling Request, including, if practicable, providing drafts of written materials related thereto with sufficient time to comment thereon; provided that such counsel for the Ad Hoc Group and Assured are subject to a non-disclosure agreement acceptable to the Government Parties.

Section 8 **Force Majeure.** If an event beyond the control of the Government Parties (including hurricanes, fires, explosion, earthquakes, drought, tidal waves, floods, war, or terrorism) (such event, a “**Force Majeure Event**”) prevents any Government Party from complying with any of its obligations under this Agreement, a delay in performance by such Government Party of such obligation shall not be considered a breach of this Agreement through the later of (i) the first day of the month following a restoration of electric service to 85% of the pre-Force Majeure Event levels, or (ii) if any of the Government Parties, Assured, or the Required Uninsured Holders request a hearing on the issue, the date determined by the Title III Court to be reasonable in light of then-prevailing circumstances; provided that the Administrative Claims shall continue to accrue, but Settlement Payments, Increased Settlement Payments, and Adequate Protection Payments, as applicable, shall not be owed, during the period from the occurrence of a Force Majeure Event through the earlier of the dates set forth in clauses (i) and (ii) of this Section 8.

Section 9 **Termination of and Withdrawal from Definitive RSA.**

(a) Rights of Withdrawal. If

(i) the economic terms of this Agreement are materially amended, modified, supplemented or waived (including pursuant to Section 10) without the written consent of a Supporting Holder that causes a material reduction in the economic value of the recovery to be received by such Supporting Holder; or

(ii) any other provision of this Agreement is materially amended, modified, supplemented, or waived (including pursuant to Section 10) without the written consent of a Supporting Holder in a manner disproportionately and materially adverse to such Supporting Holder in its capacity as a Bondholder,

(any of the preceding clauses of this Section 9(a), a “**Withdrawal Event**”), then in each case, such Supporting Holder shall have the right to withdraw from this Agreement within five (5) business days of receiving notice of such Withdrawal Event (which may be provided through an EMMA notice) by delivering notice of such withdrawal (including the reason for such withdrawal) to counsel to FOMB, PREPA, AAFAF, Assured and the Ad Hoc Group in accordance with Section 27. Such withdrawal shall be effective immediately after delivery of such notice of withdrawal (to the extent such withdrawal is not rescinded), whereupon an Individual Termination shall be deemed to have occurred as to such Supporting Holder.

(b) Securitization Termination.

(i) A Government Party may terminate this Agreement to the extent set forth in clause (iii) of this Section 9(b) (a “**Securitization Termination**”) by delivering notice of such termination in accordance with Section 27 if any of FOMB, the governing board of PREPA, or AAFAF determines that the terms and conditions of the Restructuring will impede or have an adverse impact on the Transformation Transaction or that the terms of the Restructuring are inconsistent with the Transformation Transaction.

(ii) A Government Party may declare a Securitization Termination on or after March 15, 2020 if (A) the Required Parties have not reached agreement on

the Definitive Documents after working collaboratively and in good faith and (B) all legislation necessary to support the Restructuring has not been enacted; provided, that upon a Securitization Termination under this subsection (b)(ii), the Government Parties shall use commercially reasonable efforts to provide the Supporting Holders with a market utility securitization as the Stipulated Treatment.

(iii) Upon the occurrence of a Securitization Termination, the obligation of the Government Parties to provide the Securitization Bond Treatment shall terminate and all other rights and obligations of the Parties under the RSA related to the Securitization Bonds or the Securitization Bond Treatment shall terminate to the extent related to the Securitization Bonds or the Securitization Bond Treatment. The remaining terms of this Agreement, including without limitations, the Government Parties' obligations to provide the Stipulated Treatment, Allowed Claim, Settlement Payments, Increased Settlement Payments, Adequate Protection Payments, and Administrative Claims, the Supporting Holders' obligations to vote in favor of a Plan that provides them with the Stipulated Treatment, and the litigation stay provisions of this Definitive RSA, shall otherwise survive.

(c) Stipulated Treatment Termination.

(i) A Government Party (or, in the case of subsection (4) below, either a Government Party or the Required Holders) may terminate this Agreement and elect not to provide the Stipulated Treatment (a “**Stipulated Treatment Termination**”) by delivering notice in accordance with Section 27 (except in the case of subsection (5) below which Stipulated Treatment Termination shall be automatic) if:

(1) The then applicable Required Threshold has not been met (including, without limitation, if Assured defaults on a payment obligation under its Bond Insurance Agreements and such default is determined by the court to cause it to lose its right to vote the Assured Insured Bonds) by the date of entry of the 9019 Order;

(2) The then applicable Required Threshold has not been met (including, without limitation, if Assured defaults on a payment obligation under its Bond Insurance Agreements and such default is determined by the court to cause it to lose its right to vote the Assured Insured Bonds) by September 1, 2019;

(3) The then applicable Required Threshold has not been met (including, without limitation, if Assured defaults on a payment obligation under its Bond Insurance Agreements and such default is determined by the court to cause it to lose its right to vote the Assured Insured Bonds) upon the expiration of any Joinder Period;

(4) The 9019 Order is reversed on appeal; provided that in the event of reversal of the 9019 Order on appeal either a Government Party or

the Required Holders may elect within sixty (60) days of the reversal to declare a Stipulated Treatment Termination pursuant to this subsection (4); provided that the Parties shall work together for such sixty (60) days to find a mutually agreeable solution that addresses the cause of such reversal;

(5) The Title III Case is dismissed;

(6) Confirmation of a Plan that complies with this Definitive RSA is denied; provided that no Stipulated Treatment Termination shall occur under this subsection (6) until the Parties have worked in good faith and used their commercially reasonable efforts to agree on amendments or modifications to the Plan in order to achieve confirmation of such Plan for a period of forty-five (45) days, and FOMB has used its commercially reasonable efforts to seek confirmation of such amended or modified plan of adjustment that is consistent with this Definitive RSA and takes into account the Title III Court's ruling denying confirmation of the prior Plan, and confirmation of such amended or modified Plan has also been denied; provided, that if confirmation of a Plan is denied solely as a result of a Permitted Puerto Rico Objection there shall not be a Stipulated Treatment Termination pursuant to this subsection (6) until FOMB has used its commercially reasonable efforts to seek confirmation of an amended or modified Plan that is consistent with this Definitive RSA and takes into account the Title III Court's ruling denying confirmation of the prior Plan(s) and confirmation of such amended or modified Plan has also been denied for any reason other than solely as a result of a Permitted Puerto Rico Objection; or

(7) Any Supporting Holder (other than Assured and the Ad Hoc Group) participates in contesting or defending any Lien Challenge brought by the Government Parties in compliance with the terms of this Definitive RSA (including, without limitation, asserting any defense or counterclaim in connection therewith); provided, further, that an election to declare a Stipulated Treatment Termination based on this subsection (7) must be made prior to entry of the 9019 Order.

(ii) In the event of a Stipulated Treatment Termination as to all Supporting Holders or an Individual Termination as to an individual Supporting Holder, (1) the Supporting Holder's Bond Claims shall automatically be reduced by the amount of any Settlement Payments (or Increased Settlement Payments or Adequate Protection Payments) made or Administrative Claim accrued and paid to such Supporting Holder on account of its Bond Claims, (2) all prior Settlement Payments, Increased Settlement Payments, Adequate Protection Payments, and payments made on Administrative Claims, as applicable, received by any Supporting Holder subject to such termination shall be retained by the recipient, (3) all Parties reserve all rights as to whether Settlement Payments (or Increased Settlement Payments or Adequate Protection Payments) or payments made on Administrative Claims shall be credited against Claims for principal, pre-petition

interest, or (if applicable) post-petition interest; and (4) accrued and unpaid Administrative Claims shall be disallowed other than the Surviving Administrative Claim.

(iii) Upon the occurrence and declaration by any Government Party of a Stipulated Treatment Termination in accordance with the terms of this Definitive RSA, this Definitive RSA shall become void and of no further force or effect as to all Parties and each Party shall, except as otherwise expressly provided in this Definitive RSA or the 9019 Order, (1) be immediately released from its respective liabilities, obligations, commitments, undertakings, and agreements under or related to this Definitive RSA or the 9019 Order, (2) have no further rights, benefits, or privileges hereunder, and (3) have all the rights and remedies that it would have had, and be entitled to take all actions, whether with respect to the Restructuring, the 9019 Settlement or otherwise, that it would have been entitled to take had it not entered into this Definitive RSA and had the 9019 Order never been issued, and no such rights or remedies shall be deemed waived pursuant to a claim of laches or estoppel; provided that the provisions of this Section 9(c) and the other provisions set forth in Section 17 shall survive; provided, further, that a Stipulated Treatment Termination shall not void any prior tolling pursuant to the Tolling Agreement or the 9019 Order.

(d) Additional Termination Events.

(i) This Definitive RSA may be terminated by mutual agreement of the Required Parties upon the receipt of notice delivered in accordance with Section 27.

(ii) This Definitive RSA may be terminated by the Required Holders if the Settlement Payments have not commenced by August 30, 2019 upon the receipt of notice delivered in accordance with Section 27, subject to a thirty (30) day cure period.

(iii) This Definitive RSA may be terminated by any of the Required Parties, if (x) the Settlement Motion is denied or (y) the 9019 Order has not been entered by August 30, 2019, in each case upon the receipt of notice by a Party delivered in accordance with Section 27.

(iv) This Definitive RSA may be terminated by any of the Government Parties if the Tolling Agreement has not been entered into by the date five (5) business days after the entry of the 9019 Order and subsequently approved by the Title III Court prior to the expiration of the applicable statutes of limitations.

(v) This Definitive RSA may be terminated by any of the Government Parties as to any individual Supporting Holder if such Supporting Holder commits a Bondholder Breach (an “**Individual Termination**”) upon the receipt by such Supporting Holder of notice delivered in accordance with Section 27.

(vi) Either PREPA or AAFAF may terminate all of its obligations under this Definitive RSA solely as to itself in the event that AAFAF objects to a Plan pursuant to a Permitted Puerto Rico Objection and the Title III court sustains such objection; provided that neither PREPA nor AAFAF shall have the right to terminate under this subsection (vi) until (i) the Parties have worked in good faith and used their commercially reasonable efforts to agree on amendments or modifications to the Plan in order to achieve confirmation of such Plan for a period of forty-five (45) days, (ii) FOMB has used its commercially reasonable efforts to seek confirmation of such amended or modified plan of adjustment (which is consistent with this Definitive RSA) taking into account the Title III Court's ruling denying confirmation of the prior Plan, and (iii) AAFAF objects to such amended or modified Plan in a Permitted Puerto Rico Objection and the Title III Court sustains such objection. Nothing in this subsection (vi) shall alter or limit any other termination rights of any of the Government Parties set forth herein including in Section 9(c)(i)(6).

(vii) Any termination pursuant to Sections 9(d)(i) - (iv) shall each be treated as a Stipulated Treatment Termination.

(viii) Any termination pursuant to Section 9(d)(vi) shall be treated as a termination of this Definitive RSA solely as to PREPA or AAFAF, as applicable. Upon the occurrence and declaration by PREPA or AAFAF of a termination pursuant to Section 9(d)(vi), then, except as otherwise expressly provided in the 9019 Order in the form approved by PREPA and AAFAF in connection with this RSA, the right and obligations in the Definitive RSA shall become void and of no further force or effect as to PREPA and/or AAFAF, and the remaining Parties hereto shall have no obligations to PREPA and/or AAFAF; provided that the provisions set forth in Section 17 shall survive as to PREPA and/or AAFAF. Notwithstanding the foregoing, all of the rights and obligations under this Definitive RSA of all other Parties as to each other shall survive such termination as if no such termination occurred, including (i) the FOMB's obligations to provide the Stipulated Treatment, Allowed Claim, Adequate Protection Payments, and Administrative Claims; provided, that the FOMB shall not be obligated to impose a Settlement Charge or Increased Settlement Charge or provide Settlement Payments or Increased Settlement Payments, (ii) the Supporting Holders' obligations to vote in favor of a Plan that provides them with the Stipulated Treatment, and (iii) the Tolling Agreement and the litigation stay provisions of this Definitive RSA.

(e) Automatic Stay. Each Government Party acknowledges and agrees that the giving of notice of termination by any Party pursuant to and in accordance with this Definitive RSA (or any action to enforce this Definitive RSA) shall not be a violation of the automatic stay; provided that nothing herein shall prejudice any Party's rights to argue that the giving of notice of termination was not in accordance with the terms of this Definitive RSA.

(f) Limitation on Termination. No Party may terminate this Agreement if the event giving rise to the termination is the result of such Party failing to perform or comply in any material respect with the terms and conditions of this Agreement.

Section 10 Definitive Documents; Good Faith Cooperation; Further Assurances.

(a) Each Party hereby covenants and agrees to cooperate with each other in good faith in connection with, and shall exercise commercially reasonable efforts with respect to, the pursuit, approval, implementation, and consummation of the Restructuring, as well as the negotiation, drafting, execution, and delivery of the Definitive Documents and Additional Definitive Documents (to the extent relating to treatment of Bonds subject to the RSA). Upon written confirmation of an agreement (which confirmation may be by email and must specifically state that it constitutes an agreement pursuant to this Section 10) among the Super Majority Holders, Assured and each Government Party on, and finalization of, the Definitive Documents, this Definitive RSA shall automatically be deemed amended to replace the corresponding portions of the Recovery Plan Term Sheet with the Definitive Documents as Exhibit C hereto and all references in this Agreement to such portions of the Recovery Plan Term Sheet shall be deemed to be references to the Definitive Documents or Additional Definitive Documents, as applicable.

(b) Subject to the terms hereof, each of the Parties shall take such action as may be reasonably necessary or reasonably requested by the other Parties to carry out the purposes and intent of this Definitive RSA, and shall refrain from taking any action that would frustrate the purposes and intent of this Definitive RSA.

Section 11 Representations and Warranties.

(a) Mutual Representations and Warranties. Each Party, severally (and not jointly), represents and warrants to the other Parties that the following statements are true and correct as of the date hereof (or as of the date a Supporting Holder becomes a party hereto):

(i) such party has the legal right, power and authority to enter into this Agreement;

(ii) this Agreement is a legal, valid, and binding obligation of such Party, enforceable against it in accordance with its terms (subject to applicable bankruptcy, reorganization, insolvency, moratorium, or similar laws affecting creditors' rights generally and subject, as to enforceability, to equitable principles of general application);

(iii) except in the case of an individual, it is duly organized and validly existing and in good standing under the laws of the jurisdiction of its organization with full power and authority to execute and deliver, and to perform and observe, the terms and provisions of this Agreement;

(iv) the execution, delivery, performance, and observance of this Agreement by such Party (A) has been duly authorized by all necessary action on the part of such Party, does not and will not conflict with, or result in a violation of, any law applicable to it, and does not require it to obtain any permit, consent,

approval, order, or authorization of, or provide notice to or make a filing with, any court, governmental or regulatory agency or authority, or other person or entity that has not been obtained, provided, or made, as applicable, (B) except to the extent modified, stayed or otherwise excused by PROMESA, (1) with respect to FOMB, AAFAF, and PREPA, does not contravene, or constitute a default under any provision of applicable law or regulation or of any agreement, judgment, injunction, order, decree, or other instrument binding on FOMB, AAFAF, or PREPA, as applicable, and (2) with respect to each Party, does not and will not violate, conflict with, or result in the breach of any provision of its organizational or governance documents, and (C) does not and will not result in any breach of, constitute a default (or event which with the giving of notice or lapse of time, or both, would become a default) under, require any consent under, or give to others any rights of, termination, amendment, acceleration, suspension, revocation, or cancellation of any note, bond, mortgage, indenture, contract, agreement, lease, sublease, license, permit, franchise, or other instrument or arrangement to which it is a party, which would materially adversely affect its ability to carry out its obligations under and otherwise observe this Agreement or cause the occurrence of a Stipulated Treatment Termination; provided, however, that clause (C) hereof shall not apply to any note, bond, mortgage, indenture, contract, agreement, lease, sublease, license, permit, franchise, or other instrument or arrangement to which PREPA is a party.

(b) Additional Representations of Supporting Holders. Each Supporting Holder individually represents, warrants, and covenants to each other Party that the following statements are true, correct, and complete as of the date of this Agreement (or, in the case of a Party executing a Joinder Agreement other than in connection with a pending Transfer, as of the date of such Joinder Agreement, and in the case of a Party executing a Joinder Agreement in connection with a pending Transfer of Uninsured Bonds to such joining Party, upon consummation of such pending Transfer of Uninsured Bonds to such joining Party) (each of which is a continuing representation, warranty, and covenant): that it owns or has investment management responsibility for accounts that own Uninsured Bonds in the principal amounts set forth on its respective signature page hereto or its Joinder Agreement (as applicable), which it would be entitled to vote on in a plan (or qualifying modification) solicitation, and that it has not sold, assigned, transferred, participated, or otherwise pledged such Bonds, or any voting, consent, or direction rights related to such Bonds, to any other person or entity that would prevent or adversely affect in any way such Supporting Holders' performance of its obligations contained in this Agreement at the time such obligations are required to be performed, in each case except as permitted by Section 6(c).

(c) Additional Representation of the Ad Hoc Group Members. Each Ad Hoc Group Member that is party to this Agreement on the RSA Execution Date individually represents and warrants to the other Parties that as of the RSA Execution Date it does not beneficially own or control any Uninsured Bonds in a Qualified Marketmaker capacity.

Section 12 Disclosure; Publicity. Each Government Party shall endeavor to submit drafts to the Ad Hoc Group and Assured of any press releases, public documents, and any and all filings with the SEC, the Municipal Securities Rulemaking Board, or any state or Puerto Rico governmental agency regarding this Definitive RSA or the Restructuring at least two (2) business

days, to the extent practicable, before making any such disclosure. Except as required by applicable law or otherwise permitted under the terms of any other agreement between a Party and the applicable Supporting Holder, no Party or its advisors shall disclose to any person or entity (including, for the avoidance of doubt, any other Supporting Holder), other than advisors to the Government Parties and the Ad Hoc Group, the principal amount or percentage of Bonds held by the applicable Supporting Holder, in each case, without such Supporting Holder's prior written consent. Notwithstanding the provisions in this Section 12, any Party may disclose, to the extent consented to in writing by a Supporting Holder, such Supporting Holder's individual holdings, and, for the avoidance of doubt, a Supporting Holder shall be permitted to disclose its own individual holdings. Any public filing of this Definitive RSA, with the Title III Court or otherwise, which includes executed signature pages to this Definitive RSA shall include such signature pages only in redacted form with respect to the holdings of each Supporting Holder; provided that the holdings disclosed in such signature pages may be filed in unredacted form with the Title III Court under seal.

Section 13 Amendments and Modifications. The terms and conditions of this Agreement, including any exhibits, annexes, or schedules to this Agreement, may not be waived, modified, amended, or supplemented without the written consent of (i) FOMB, (ii) PREPA, (iii) AAFAF, (iv) the Super Majority Holders and (v) Assured; provided that the foregoing is subject to the withdrawal rights pursuant to Section 9(a).

Section 14 Effectiveness. Except as specifically provided herein, this Definitive RSA shall become effective and binding on the RSA Execution Date; provided that, until entry of the 9019 Order, (i) the 9019 Settlement shall not be effective; (ii) the Government Parties shall have no obligation to impose the Settlement Charge or Increased Settlement Charge; make Settlement Payments, Increased Settlement Payments, or Adequate Protection Payments; or propose a Plan providing for issuance of Securitization Bonds or Stipulated Treatment; and (iii) the Supporting Holders shall not be entitled to Administrative Claims, the Stipulated Treatment, or Waiver and Support Fees and shall not be obligated to vote in favor of any Plan, qualifying modification, exchange, or restructuring. Notwithstanding the foregoing, in the event the Settlement Motion is denied or the 9019 Order is not entered prior to a termination pursuant to Section 9(d)(iii), this Definitive RSA shall be deemed to have been void *ab initio* and shall be of no further force and effect; provided that the obligations of the Government Parties under Section 22 shall survive with respect to any fees or expenses incurred prior to the date of such denial or termination and required to be reimbursed under the terms of Section 22.

Section 15 Governing Law; Jurisdiction; Waiver of Jury Trial.

(a) THIS AGREEMENT IS TO BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK APPLICABLE TO CONTRACTS MADE AND TO BE PERFORMED IN SUCH STATE, WITHOUT GIVING EFFECT TO THE CONFLICT OF LAWS PRINCIPLES THEREOF, EXCEPT THAT, WITH RESPECT TO THE EXISTENCE, POWERS, LEGAL CAPACITY, AND AUTHORITY OF (I) EACH OF AAFAF AND PREPA, THIS AGREEMENT SHALL BE GOVERNED BY THE LAWS OF THE COMMONWEALTH OF PUERTO RICO, EXCLUDING THE CONFLICT OF LAWS PRINCIPLES THEREOF, AND (II) AS TO FOMB, THIS AGREEMENT SHALL BE GOVERNED BY PROMESA. Each Party hereto agrees that it shall bring any action or

proceeding with respect to any claim arising out of or related to this Agreement in the Title III Court (or a court of proper appellate jurisdiction) (the “**Chosen Court**”), and solely in connection with claims arising under this Agreement: (a) irrevocably submits to the exclusive jurisdiction of the Chosen Court; (b) waives any objection to laying venue in any such action or proceeding in the Chosen Court; and (c) waives any objection that the Chosen Court is an inconvenient forum or does not have jurisdiction over any Party hereto or constitutional authority to finally adjudicate the matter. The Government Parties submit to the jurisdiction of the Chosen Court and irrevocably waive any immunity from suit in the Chosen Court that they may have for any action or proceeding arising out of or relating to this Definitive RSA or the 9019 Order.

(b) Each Party hereby waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in any legal proceeding directly or indirectly arising out of or relating to this Definitive RSA or the transactions contemplated herein (whether based on contract, tort or any other theory).

(c) The rights and obligations of the Parties under this Agreement and the 9019 Order shall be binding and enforceable against the Parties, and, to the extent necessary, the Government Parties consent for purposes of section 305 of PROMESA to such enforcement by the Chosen Court.

Section 16 Specific Performance/Remedies. The Parties understand and agree that monetary damages would be an insufficient remedy for any breach of this Definitive RSA by any Party, and each non-breaching Party shall be entitled to specific performance and injunctive or other equitable relief as a remedy of any such breach, without the necessity of proving the inadequacy of monetary damages as a remedy. Specific performance and injunctive or other equitable relief to the extent appropriate and allowed by applicable law and the right to terminate this Definitive RSA in accordance with the terms of this Definitive RSA shall be the sole and exclusive remedies for any breach of this Definitive RSA by any Party. Without limiting the ability of a Party to sue for payment of money owed under this Agreement or the 9019 Order, no person or entity shall be entitled to monetary damages for any breach of this Agreement or the 9019 Order. Each Party hereby waives any requirement for security or the posting of any bond in connection with such remedies.

Section 17 Survival. Subject to entry of the 9019 Order, notwithstanding the termination of this Definitive RSA pursuant to Section 9(d)(vi) (as to PREPA or AAFAF), pursuant to an Individual Termination (as to an individual Supporting Holder), or a Stipulated Treatment Termination (as to all Parties), Sections 9(c) and 15-19(a), 20-22 and 24-31 shall survive such termination and shall continue in full force and effect in accordance with the terms hereof.

Section 18 Headings. The headings of the sections, paragraphs, and subsections of this Definitive RSA are inserted for convenience only and shall not affect the interpretation hereof or, for any purpose, be deemed a part of this Definitive RSA.

Section 19 Successors and Assigns; Severability.

(a) This Definitive RSA is intended to bind and inure to the benefit of the Parties and their respective successors, permitted assigns, heirs, executors, administrators, and

representatives; provided that nothing contained in this Section 19 shall be deemed to permit Transfers of the Bonds or any related Claims other than in accordance with the express terms of this Definitive RSA. If any provision of this Definitive RSA, or the application of any such provision to any person or entity or circumstance, shall be held invalid or unenforceable, in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision hereof and the remainder of this Definitive RSA shall continue in full force and effect.

(b) Upon any such determination of invalidity, the Parties shall negotiate in good faith to modify this Definitive RSA so as to effect the original intent of the Parties as closely as possible in a reasonably acceptable manner so that the transactions contemplated hereby are consummated as originally contemplated to the greatest extent possible.

Section 20 Several, Not Joint, Obligations. The agreements, representations, warranties, and obligations of the Parties under this Definitive RSA are, in all respects, several and not joint.

Section 21 Relationship Among Parties. Unless expressly stated herein, this Definitive RSA shall be solely for the benefit of the Parties, and no other person or entity shall be a third-party beneficiary hereof. No Party shall have any responsibility for any trading by any other entity by virtue of this Definitive RSA. Except as expressly set forth in this Definitive RSA, nothing in this Definitive RSA shall be construed to affect any actual or potential claims arising from any obligation of the Government of Puerto Rico or any of its instrumentalities other than PREPA. Except as expressly set forth in this Definitive RSA, nothing in this Definitive RSA shall constitute or be construed as a waiver or release of any claims or causes of action against FOMB, AAFAF, PREPA, or the Government of Puerto Rico or any of its affiliates or instrumentalities prior to the Effective Date.

No Bondholder shall have any liability to any other Bondholder arising from or related to: (i) any extensions of the deadlines set forth herein pursuant to the terms of this Definitive RSA; (ii) the termination of this Definitive RSA pursuant to its terms, whether or not such termination is as to all Supporting Holders; (iii) any waivers, modifications, amendments, or supplements of or to this Definitive RSA; or (iv) the exercise of, or failure to exercise, any other consent, termination, or other rights pursuant to this Definitive RSA or the 9019 Order. This paragraph shall be included in the 9019 Order.

Section 22 Fees & Expenses.

(a) (i) The reasonable fees and reasonable expenses of the Ad Hoc Group incurred in connection with the Preliminary RSA, this Definitive RSA, and any documents and transactions relating to or implementing the foregoing on or after July 23, 2018 through the Effective Date (or, if earlier, a Stipulated Treatment Termination), limited to one (1) primary law firm, one (1) municipal bond counsel law firm, one (1) Puerto Rico law firm, one (1) financial advisor, and one (1) utility consultant, shall be reimbursed by PREPA on a monthly basis within sixty (60) days following submission of an invoice and redacted time detail summary to counsel to FOMB, PREPA, and AAFAF and (ii) the reasonable fees and reasonable expenses of the Ad Hoc Group members up to \$25 million for the period prior to July 23, 2018, shall be reimbursed on the Effective Date as agreed in connection with the Preliminary RSA.

(b) The reasonable fees and reasonable expenses of Assured incurred in connection with the Preliminary RSA, this Definitive RSA and any documents and transaction relating to or implementing the foregoing on or after August 1, 2018 through the earliest to occur of (i) the Effective Date, (ii) a Stipulated Treatment Termination, or (iii) an Individual Termination as to Assured, limited to one (1) primary law firm, one (1) Puerto Rico law firm, one (1) financial advisor, one (1) municipal bond counsel law firm, and one (1) utility consultant, shall be reimbursed by PREPA on a monthly basis within sixty (60) days following submission of an invoice and redacted time detail summary to counsel to FOMB, PREPA, and AAFAF.

(c) Reimbursement of reasonable fees and expenses pursuant to Sections 22(a)(i) and 22(b) shall be subject to delivery of all required certifications under Puerto Rico law and accompanied by detailed time records with appropriate redactions.

(d) Payments made pursuant to this Agreement (including reimbursement of fees and expenses pursuant to this Section 22, other than in the case of reimbursement of fees and expenses for services rendered in Puerto Rico) shall not be subject to withholding tax under the Puerto Rico Internal Revenue Code of 2011, as amended.

(e) In the event of a termination by PREPA or AAFAF pursuant to Section 9(d)(vi), the obligation of PREPA or AAFAF to pay any fees that accrue after the effective date of such termination shall terminate, but any fees and expenses incurred after such date and until the earlier of the Effective Date or a Stipulated Treatment Termination or any fees and expenses pursuant to Section 22(a)(ii), in each case to the extent they would otherwise have been due and payable hereunder, shall constitute an Administrative Claim entitled to be paid in cash on the Effective Date of a Plan and, notwithstanding anything herein to the contrary, such Administrative Claim shall survive a Stipulated Treatment Termination.

Section 23 Most Favored Nations. Other than with respect to the receipt by Assured of the Assured Treatment in accordance with the terms hereof, to the extent any holder(s) of Financial Indebtedness receives a treatment under a Plan, qualifying modification, exchange, or restructuring, however funded, more economically favorable than the treatment proposed to be received by the Ad Hoc Group Members or Assured, then (i) such treatment shall only be allowed and considered consistent with this Agreement if it does not adversely affect the Ad Hoc Group's or Assured's recoveries, and (ii) additional consideration shall be provided to the Ad Hoc Group or Assured, as applicable, such that the treatment of the Ad Hoc Group or Assured is at least as favorable as the treatment being provided to such holder(s) of Financial Indebtedness.

Notwithstanding the foregoing, the Ad Hoc Group and Assured shall not object pursuant to this Section 23 if holders of Financial Indebtedness (other than Uninsured Bonds) receive the same treatment with the same terms as the Ad Hoc Group is receiving, so long as such treatment does not adversely affect the Ad Hoc Group's or Assured's recoveries. Adjustments to coupons and par on the bonds received by such holder(s) of Financial Indebtedness are authorized, so long as total cash flow payable each year remains the same (with proportional adjustments for the varying claim sizes of varying legacy debt claims), and so long as such treatment shall not adversely affect the Ad Hoc Group's or Assured's recoveries.

Section 24 **Preservation of Rights.** Except as expressly provided in this Agreement or the 9019 Order, the Parties expressly reserve all rights, contractual or otherwise, under Title III or any other provision of PROMESA or any other law or regulation. Upon an Individual Termination (as to an individual Supporting Holder), a Stipulated Treatment Termination (as to each Party), or a termination pursuant to 9(d)(vi) (as to AAFAF or PREPA), subject to Section 9(c), (i) no such Party shall be precluded, by virtue of having been a Party to this Agreement or otherwise having engaged in negotiations regarding the Restructuring, 9019 Settlement or other matters related to this Agreement, from exercising any and all rights, whether contractual or otherwise, in connection with any proceeding under Title III or under any other provision of PROMESA or any other law or regulation, (ii) no provision of this Agreement, the 9019 Order or other document related to this Agreement, the Restructuring or the 9019 Settlement or statement made during the negotiations thereof, shall be used against any such Party in any proceeding under Title III or any other provision of PROMESA or otherwise, provided that a Section 9(d)(vi) termination as to AAFAF and PREPA shall have no effect on any remaining Parties' rights with respect to any other remaining party hereunder and in the 9019 Order and ability to enforce such rights, and (iii) each such Party shall be restored to its original position. Notwithstanding the generality of the foregoing in this Section 24, except as otherwise provided in this Agreement, no Party shall be precluded from asserting any right, and each Party shall preserve each of its rights and shall not be impeded by this Agreement from bringing before any applicable court any available averment, defenses or priority allegation, or from challenging or contesting any such rights, whether under such law or otherwise, on any grounds.

Section 25 **Prior Negotiations; Entire Agreement.** This Definitive RSA, including the exhibits, annexes and schedules hereto, constitutes the entire agreement of the Parties and supersedes all other prior negotiations, with respect to the subject matter hereof and thereof, except that the Parties acknowledge that all confidentiality agreements executed between one or more Parties before the execution of this Definitive RSA shall continue in full force and effect. Without limitation of the foregoing, the Preliminary RSA is superseded by this Definitive RSA and terminated in its entirety and shall be of no further force and effect.

Section 26 **Counterparts.** This Definitive RSA may be executed in several counterparts, each of which shall be deemed to be an original, and all of which together shall be deemed to be one and the same agreement. Execution copies of this Definitive RSA delivered by PDF shall be deemed to be an original for the purposes of this paragraph.

Section 27 **Notices.** All notices hereunder shall be deemed given if they are made in writing and delivered by electronic mail, courier, or registered or certified mail (postage prepaid, return receipt requested) (and if by any method other than electronic mail, then with a copy by electronic mail) to the following addresses (or at such other addresses as shall be specified by like notice):

or such other address as may have been furnished by a Party to each of the other Parties by notice given in accordance with the requirements set forth above. Any notice given by mail or courier shall be effective when received. Any notice given by electronic mail shall be effective upon oral, machine, or electronic mail (as applicable) confirmation of transmission. For purposes of this Agreement, notices and other communications may be delivered by a Party or by its authorized representatives. Any notice provided to an individual Supporting Holder hereunder must also be provided to the Required Parties.

(b) If this Agreement is terminated as to any Government Party, Assured or the Ad Hoc Group, FOMB shall publish notice of such withdrawal or termination on its website and

PREPA shall file a notice with EMMA not later than one (1) business day after receipt of such notice.

(c) Unless otherwise mutually agreed to by the Required Parties, this Agreement, and each amendment hereto, shall be posted by FOMB on its website and PREPA shall file a notice with EMMA not later than one (1) business day after the execution and delivery hereof and thereof, subject to the confidentiality restrictions contained herein, including Section 12.

Section 28 Settlement Discussions. This Definitive RSA is part of a proposed settlement of matters that could otherwise be the subject of litigation among the Parties. This Definitive RSA and all negotiations relating thereto shall be deemed to be settlement discussions covered by Rule 408 of the Federal Rules of Evidence, any applicable state rules of evidence, and any other applicable law, foreign or domestic. Further, other than in a proceeding to enforce or implement this Definitive RSA's terms (or the terms of the 9019 Order), no Party shall offer into evidence this Definitive RSA, or any negotiations relating thereto. If this Definitive RSA is terminated, for any reason, no Party shall use any of the terms in this Definitive RSA against the other Party other than for enforcing its remedies under this Definitive RSA and to extent provided.

Section 29 No Solicitation; Adequate Information. This Definitive RSA is not and shall not be deemed to be a solicitation for consents to a Plan, qualifying modification, exchange, or restructuring. The votes of the holders of Claims against PREPA will not be solicited until such holders who are entitled to vote on Plan have received the required solicitation in accordance with PROMESA. In addition, this Definitive RSA does not constitute an offer to issue or sell securities to any person or entity, or the solicitation of an offer to acquire or buy securities, in any jurisdiction where such offer or solicitation would be unlawful.

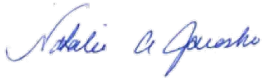

Section 30 No Waiver. The failure or neglect by a Party to enforce any rights under this Agreement will not be deemed a waiver of that Party's rights. No waiver of satisfaction of or nonperformance of an obligation under this Agreement will be effective unless in writing and signed by the Party granting the waiver.

Section 31 Representation by Counsel. The Parties agree that they have each been represented by legal counsel during the negotiation and execution of this Definitive RSA and, therefore, waive the application of any law, regulation, holding, or rule of construction providing that ambiguities in an agreement or other document shall be construed against the party drafting such agreement or document.

RSA Marketmaker Joinder

LIMITED MARKETMAKER JOINDER TO RESTRUCTURING SUPPORT AGREEMENT

This Limited Marketmaker Joinder Agreement (“**RSA Marketmaker Joinder**”) to the Definitive Restructuring Support Agreement (as amended, supplemented, or otherwise modified from time to time, the “**RSA**”), dated as of May 3, 2019 by and among: (i) Puerto Rico Electric Power Authority (“**PREPA**”), (ii) the Puerto Rico Fiscal Agency and Financial Advisory Authority (“**AAFAF**”), (iii) the Financial Oversight and Management Board for Puerto Rico (“**FOMB**”), (iv) the members of the Ad Hoc Group of PREPA Bondholders identified on Annex A thereto and party thereto (the “**Ad Hoc Group**”), (v) Assured Guaranty Corp. and Assured Guaranty Municipal Corp. (collectively, “**Assured**”) and (vi) the other Supporting Holders from time to time party thereto, is executed and delivered by [_____] (the “**RSA Marketmaker**”) as of _____, __, 2019. Each capitalized term used herein but not defined herein shall have the meaning set forth in the RSA.

1. Agreement to Transfer or Vote.

(a) The RSA Marketmaker agrees that, with respect to any Uninsured Bonds it may acquire in its capacity as a Qualified Marketmaker from a Supporting Holder (“**RSA Bonds**”), no later than ten (10) business days prior to the voting deadline on the Plan (the “**Transfer Deadline**”), qualifying modification, exchange, or other restructuring of the Uninsured Bonds pursuant to which the Securitization Bond Treatment or the Stipulated Treatment, as applicable, is being offered, it shall transfer such Bonds pursuant to Section 6(c) of the RSA only to a Supporting Holder or other person (“**Subsequent Transferee**”) who at or prior to consummation of the Transfer has executed a Joinder Agreement substantially in the form of Exhibit A to the RSA and has delivered such executed Joinder Agreement to counsel to the Ad Hoc Group, FOMB, PREPA, and AAFAF in accordance with Section 27 of the RSA. In the event that an RSA Marketmaker receives Uninsured Bonds, the RSA Marketmaker shall ask the Bondholder Transferring such Uninsured Bonds whether such Uninsured Bonds are RSA Bonds.

(b) If the RSA Marketmaker has not transferred RSA Bonds in accordance with Section 1(a) of this Joinder by the Transfer Deadline, the RSA Marketmaker shall be required to vote such Uninsured Bonds pursuant to a direction from the Required Uninsured Holders.

(c) Other than as set forth in Sections 1(a) and 1(b) of this Joinder, only a Subsequent Transferee (and not the RSA Marketmaker acting in its capacity as a Qualified Marketmaker) shall be bound by and required to timely perform all of the terms and provisions of the RSA, and only such Subsequent Transferee (and not the RSA Marketmaker acting in its capacity as a Qualified Marketmaker) shall be entitled to any rights under the RSA with respect to the negotiation, drafting, execution, and delivery of the Definitive Documents or otherwise exercise rights or remedies under the RSA.

(d) For the avoidance of doubt, any RSA Bond held at any time by the RSA Marketmaker in its capacity as a Qualified Marketmaker shall continue to be entitled to all rights to which such Uninsured Bond was entitled when it was held by the transferring Supporting Holder, including the Securitization Bond Treatment or Stipulated Treatment, as applicable,

accrual of Administrative Claims and receipt of Settlement Payments, Increased Settlement Payments, and Adequate Protection Payments, as applicable; provided that if PREPA as already paid any of these amounts to the transferor it will not be required to make such payments to the RSA Marketmaker or anyone else.

(e) The obligations assumed under this RSA Marketmaker Joinder shall apply solely to RSA Bonds. For the avoidance of doubt, this RSA Marketmaker Joinder shall not cause the RSA to apply to (i) Uninsured Bonds other than RSA Bonds, claims, securities, loans, other obligations or any other interest that may be held, acquired or sold by the RSA Marketmaker, (ii) any credit facilities to which the RSA Marketmaker or any of its affiliates may be party, (iii) any new credit facility, amendment to an existing credit facility, or debt or equity securities offering involving the RSA Marketmaker or its affiliates, (iv) any direct or indirect principal activities undertaken by the RSA Marketmaker or its affiliates engaged in the venture capital, private equity, or mezzanine businesses, or portfolio companies in which they have investments, (v) any ordinary course sales and trading activity taken by employees who are not a member of the RSA Marketmaker, (vi) any RSA Marketmaker or affiliate or related business engaged in providing private banking or investment management services, or (vii) any Uninsured Bonds or related claims that may be beneficially owned by non-affiliated clients of the RSA Marketmaker or any of its affiliates. Nothing herein addresses or otherwise modifies the status and obligations of the RSA Marketmaker or any affiliate of the RSA Marketmaker under or with respect to the RSA (or any other joinder agreement thereto), including whether or not the RSA currently applies or in the future will apply to the RSA Marketmaker or any affiliate thereof independently of this RSA Marketmaker Joinder.

2. Representations and Warranties. The RSA Marketmaker hereby makes the representations and warranties in Section 11(a) of the RSA, except that any references to “Agreement,” “Definitive RSA,” or “RSA” shall be replaced with references to this RSA Marketmaker Joinder, and further represents, warrants, and covenants that, if it is required to vote RSA Bonds in accordance with Section 1(b) hereof, it shall have all requisite or necessary authority to vote such RSA Bonds in a Plan, qualifying modification, exchange, or other restructuring of the Uninsured Bonds; provided, that the RSA Marketmaker does not assume any obligations or make any additional covenants under the RSA other than as set forth herein.

3. Governing Law. Section 15 of the RSA is incorporated by reference as if set forth fully herein, except that any references to “**Agreement**” or “**RSA**” shall be replaced with references to this RSA Marketmaker Joinder.

4. Notice of Joinder. The RSA Marketmaker agrees to provide a copy of this RSA Marketmaker Joinder to counsel to the Ad Hoc Group, FOMB, PREPA, and AAFAF in accordance with Section 27 of the RSA.

Exhibit C
Recovery Plan Term Sheet

RECOVERY PLAN TERM SHEET

Capitalized terms used herein without definition shall have the meanings given such terms in the Definitive RSA to which this Recovery Plan Term Sheet is attached.

I. Acceleration of Bonds.

The Plan and Confirmation Order shall accelerate all of the Uninsured Bonds and Insured Bonds to the extent such Bonds are insured by a party to the RSA as of the Effective Date, with the same effect and treatment as if all of the Bonds were accelerated under the terms of the Trust Agreement.

II. Supporting Holder Exchange.

The Supporting Holders shall commit to exchange (or commit to cause an exchange, as applicable) all of their Bonds, whenever acquired, for Securitization Bonds on the Effective Date, on the terms and in the manner set forth herein.

II. Securitization Bonds.¹

a) The SPV shall issue Securitization Bonds, in the tranches provided below, secured by the Transition Charge.

b) The Securitization Bonds shall be issued on the Effective Date.

III. Transition Charge.

a) The transition charge allocable to outstanding power revenue and revenue refunding bonds issued by PREPA under the Trust Agreement (the “**Transition Charge**”)² shall be set at the following levels:

(i) 2.768 c/kWh for Years 1-3 [FY21-FY23]

¹ In the event of conflict with these terms, the terms of the Securitization Term Sheet, attached to the Recovery Plan Term Sheet as Annex A, relating to the Securitization Bonds shall govern.

² The calculation of the Transition Charge (including the TC Cap) set forth in this Recovery Plan Term Sheet assumes (i) 100% of the Bonds are exchanged, (ii) interest accrues on Bonds until May 1, 2019 calculated at prior stated interest rates for each CUSIP, (iii) interest stops accruing on all power revenue bonds on May 1, 2019, (iv) the Administrative Claim for the Tranche A interest accrues for the benefit of all Bonds beginning May 1, 2019 as provided in the Definitive RSA, (v) any portion of the Administrative Claim not paid through the Settlement Charge is satisfied in Tranche A Bonds, (vi) the transaction closes on June 30, 2020, and (vii) the Settlement Charge is paid as provided herein. To the extent these assumptions are not correct or have to be modified, the Transition Charge (including the TC Cap) will need to be adjusted in connection with the issuance of the Securitization Bonds. The Transition Charge amounts (including the TC Cap) set forth above also do not include (i) the Assured Treatment or any premium paid to Assured, (ii) the costs of administration of the securitization vehicle (including costs such as trustee fees and servicer fees), or (iii) the Assured swap, and the Transition Charge will need to be adjusted in connection with the issuance of the Securitization Bonds to take those items into account.

- (ii) 2.957 c/kWh for Years 4-8 [FY24-FY28]
- (iii) 3.242 c/kWh in Year 9 [FY29]
- (iv) 3.323 c/kWh in Year 10 [FY30]
- (v) 3.406 c/kWh in Year 11 [FY31]
- (vi) 3.492 c/kWh in Year 12 [FY32]
- (vii) 3.579 c/kWh in Year 13 [FY33]
- (viii) 3.668 c/kWh in Year 14 [FY34]
- (ix) 3.760 c/kWh in Year 15 [FY35]
- (x) 3.854 c/kWh in Year 16 [FY36]
- (xi) 3.950 c/kWh in Year 17 [FY37]
- (xii) 4.049 c/kWh in Year 18 [FY38]
- (xiii) 4.150 c/kWh in Year 19 [FY39]
- (xiv) 4.254 c/kWh in Year 20 [FY40]
- (xv) 4.361 c/kWh in Year 21 [FY41]
- (xvi) 4.470 c/kWh in Year 22 [FY42]
- (xvii) 4.552 c/kWh in Year 23 [FY43]

(xviii) 4.552 c/kWh in Year 24 [FY44] and thereafter through Transition Charge Termination

b) The Transition Charge allocable to the Bonds shall begin on the earlier of the Title III plan Effective Date or the Delayed Implementation Date and shall be capped at 4.552 c/kWh (the “TC Cap”).

IV. Exchange Ratio.³

a) Tranche A Bonds: 67.5% of principal amount of outstanding Bonds subject to the

³ As used in “Exchange Ratio,” the principal amount of Supporting Holders’ Claims to be calculated to include (i) accrued and unpaid interest on the existing Bonds through an assumed exchange date of May 1, 2019 (which interest, in the case of a series of Assured Insured Bonds that bear interest at a floating interest rate, will be calculated based on the fixed rate under the related interest rate swap), and (ii) in the case of a series of Assured Insured Bonds that bear interest at a floating interest rate, the mark-to-market amount (the “**Swap MTM Amount**”) on the related interest rate swap as of the Effective Date (or such earlier date as negotiated by the Government Parties with the swap counterparties and Assured). As a result, Assured shall be entitled to receive additional Tranche A and B Bonds on

exchange plus, at the option of the Government Parties to the extent such Administrative Claim is not being paid in cash, 100% of any Administrative Claim being satisfied with Tranche A Bonds.

b) Tranche B Bonds: 10% of principal amount of outstanding Bonds subject to the exchange. The Tranche B Bonds shall not be required to be tax-exempt.⁴

c) With respect to Assured, the Exchange Ratio shall be subject to the Assured Treatment.

V. Tranche A Bonds.

a) There will be a tranche of Securitization Bonds known as the Tranche A Bonds (the “**Tranche A Bonds**”), with the following maturities and coupons:

(i) **Maturity:** 40-year stated final maturity, subject to early mandatory redemption from sweep of Transition Charge Revenues (33 year expected maturity from FOMB’s May 2018 projections, which may change).

account of the Swap MTM Amounts based on the same Exchange Ratio that is applicable to its claim with respect to Assured Insured Bonds. Such Swap MTM Amounts will be mutually agreed to between the Government Parties and Assured, provided that, if the parties cannot agree to such Swap MTM Amounts, then such amounts will be determined by obtaining actionable quotations from at least three swap dealers in accordance with Section 6(e) of the respective interest rate swap agreements (assuming that PREPA is the defaulting party for such purpose).

On the Effective Date, the Assured Insured Interest Rate Swaps will be extinguished and PREPA’s obligation thereunder will be satisfied by the treatment accorded to Assured on account of such interest rate swaps as described in this Term Sheet. Assured will have the option to (i) continue making net scheduled payments under the insurance policies insuring the Assured Insured Interest Rate Swaps or (ii) accelerate its obligations thereunder by paying the termination payment to the respective swap counterparties.

Notwithstanding the foregoing, in lieu of receiving additional Tranche A and B Bonds on account of the Swap MTM Amounts as described above, Assured may elect, if agreed by Assured and the swap counterparties, to insure a security to be issued by the issuer of the Securitization Bonds that (i) is delivered to the counterparties to the Assured Insured Interest Rate Swaps with PREPA in exchange for their agreement to the extinguishment of the Assured Insured Interest Rate Swaps, the cancellation of the respective swap insurance policies and the release of all of their claims thereunder, (ii) entitles the holder of such security to receive periodic payments that are equal to the fixed amounts that the respective interest rate swap counterparty would have been entitled to receive under the respective interest rate swap if floating rates were zero at all times during the term of such swap and the respective fixed rate were equal to the difference between the actual fixed rate under such swap and the on-market fixed rate (the “**Market Fixed Rate**”) for an interest rate swap otherwise having the same terms as such swap, and (iii) is secured by a Transition Charge segregated from the Transition Charges securing Assured Securitization Bonds and other Securitization Bonds, with any excess revenues from such Transition Charge securing future payments under such security or being used to prepay such future payments if such prepayment is allowed in the definitive documentation. If Assured makes such election, the Market Fixed Rate will be the fixed rate agreed to among the Government Parties, Assured and the respective swap counterparties, provided that, if the parties cannot agree to such fixed rate, then such Market Fixed Rate will be determined by obtaining actionable quotations from at least three swap dealers to enter into an offsetting interest rate swap pursuant to which such swap dealers would be paying such fixed rate. If Assured makes such election, Assured will be entitled to receive premium payments with respect to the insurance policy wrapping such security that for each year during which such security is outstanding are equal to 0.5% per annum of the aggregate payments payable under such security in such year.

⁴ To the extent it has no economic effect on PREPA, the Tranche A and Tranche B Bonds shall be allocated in satisfaction of Bond principal and interest, whenever accrued, in the most tax-efficient manner.

(ii) **Coupon:** 5.25% to be paid in cash, on a tax-exempt basis.

(iii) Any interest not paid when due shall be added to the interest to be paid on the next payment date for such Tranche A Bonds. Interest shall accrue on overdue principal and interest at the coupon rate, compounding semi-annually.

(iv) The obligation to pay the Tranche A Bonds (including accrual and compounding, as applicable of interest) will extend beyond the stated final maturity if not paid in full on the stated final maturity until all principal of, and accrued and unpaid interest on, the Tranche A Bonds is paid in full.

VI. Tranche B Bonds.

a) There will be a tranche of Securitization Bonds known as the Tranche B Bonds (the “**Tranche B Bonds**”), with the following maturities and coupons:

(i) **Maturity:** 47-year stated final maturity.

(ii) **Coupon:** 7.00% accretion rate for tax-exempt bonds; 8.75% for taxable bonds.⁵

(iii) Interest on Tranche B Bonds shall be paid in additional Tranche B Bonds in a principal amount equal to the unpaid balance of Tranche B Bond interest due (such payment of interest on Tranche B Bonds referred to as “**PIK Payments**”).

(iv) No cash flow on Tranche B bonds until Tranche A paid in full.

(v) Tranche B Bonds shall receive 100% of total excess cash flow from the Transition Charge (including any cash on deposit in the DSRF) after repayment of the Tranche A Bonds until maturity.

(vi) Any amounts on such Tranche B Bonds not paid with Transition Charge Revenues imposed prior to the stated final maturity of the Tranche B Bonds shall not be recoverable by Bondholders.

VII. Assured Treatment.⁶

The Plan shall provide for the following treatments with respect to Assured on the account

⁵ The Government Parties shall work in good faith to try to obtain tax-exempt status for the Tranche B Bonds or as great a portion thereof as possible or, to the extent the Tranche B Bonds are not tax-exempt to work in good faith to minimize the tax impacts thereof; provided that the Government Parties shall not be required to change or modify the terms of any Transformation Transaction or incur any additional material costs to achieve such a result. A majority of the Ad Hoc Group, with the agreement of the Government Parties, may elect to alter the structure of the Tranche B Bonds received by holders of Uninsured Bonds to maximize tax exemption and minimize tax issues while otherwise maintaining equivalent economics.

⁶ Transition Charge, DSRF, and surety repayments allocable to Assured Securitization Bonds and swap counterparty security must be segregated from Transition Charge and DSRF allocable to Uninsured Bonds and separately accounted for in a manner agreed to by the Required Parties, so that Assured Treatment and swap counterparty treatment do not affect recoveries on Uninsured Bonds and vice versa. For avoidance of doubt, the Uninsured Bond

of the Assured Insured Bonds, the Uninsured Bonds identified on Assured's signature page hereto that are beneficially owned by Assured, and the Assured Insured Interest Rate Swaps, which treatments shall be selected by Assured in its sole discretion on or prior to the hearing on the disclosure statement:

a) **Assured Election**: At Assured's election (the "**Assured Election**"), all or any portion of the Assured Insured Bonds selected by Assured shall be paid, in full, on the Effective Date, at an acceleration price (the "**Acceleration Price**") equal to the outstanding principal amount of such Bonds plus the accrued and unpaid interest thereon (or, in the case of any capital appreciation bonds, the compounded amount thereof) as of the Effective Date from (a) the proceeds of all or any portion of the Assured Securitization Bonds allocable to holders of Assured Insured Bonds that shall be (i) insured, at Assured's election, in accordance with a new insurance policy issued by Assured on terms acceptable to Assured, (ii) underwritten in an "offering" within the meaning of SEC Rule 15c2-12 and (iii) sold into the market such that they are issued and delivered to such underwriter(s) on the Effective Date, and (b) to the extent such proceeds of Assured Securitization Bonds are not sufficient to pay the Acceleration Price, amounts equal to such deficiency paid by Assured in accordance with the insurance policies (the "**Assured Insurance Policies**") guaranteeing the Assured Insured Bonds. In addition, at Assured's election, all or any of Assured Securitization Bonds allocable to Assured as a beneficial owner of Uninsured Bonds identified on Assured's signature page hereto, or that Assured is otherwise entitled to receive in accordance with the terms of this Definitive RSA, shall be insured, offered and underwritten in the same manner as Assured Securitization Bonds allocable to holders of Assured Insured Bonds would be required to be insured, offered and underwritten if Assured exercised the Assured Election in respect of such Assured Insured Bonds, and any proceeds of the sale of such Assured Securitization Bonds shall be transferred to Assured. The principal amounts, maturities and interest rates on the Assured Securitization Bonds in respect of which any of the foregoing elections is exercised, shall be determined by Assured in consultation with applicable underwriter(s), such that the interest rates on the Assured Securitization Bonds shall be the lowest interest rates necessary for such Assured Securitization Bonds to be issued with increased par amounts relative to other Securitization Bonds and otherwise result in the Assured Securitization Bonds being issued at the lowest aggregate yield; provided, however, that the annual debt service on the Assured Securitization Bonds due in any fiscal year shall not be greater than the annual debt service that would have been due in such fiscal year if such Assured Securitization Bonds had the same terms as the other Securitization Bonds. The costs associated with the issuance of the Assured Securitization Bonds (including the fees and compensation of the applicable underwriter(s)) shall be paid by PREPA and shall not be withheld from the proceeds of the Assured Securitization Bonds. The offering and underwriting of the Assured Securitization Bonds shall be provided for in the Plan or in connection with providing the Stipulated Treatment, provided, however, that if either (i) at or prior to the time of pricing of Assured Securitization Bonds, Assured determines, based on its good faith evaluation of the circumstances, that Assured Securitization Bonds cannot be sold into the market on terms acceptable to Assured or (ii) such Assured Securitization Bonds are not issued to the underwriter(s) for any reason, then in either case,

Transition Charge or allocation must be set at levels sufficient to cover debt service in respect of Securitization Bonds allocable to the Uninsured Bonds, and Assured's Transition Charge or allocation must be set at levels sufficient to cover both debt service and premiums in respect of Assured Securitization Bonds and otherwise to provide for the Assured Treatment.

Assured (A) may elect, in its sole discretion, to pay the applicable Acceleration Price (such payment election, the “**Assured Acceleration Price Payment Option**”) to the holders of any Assured Insured Bonds with respect to which Assured has exercised the Assured Election, and (B) shall receive, on the Effective Date, the Assured Securitization Bonds in respect of which the Assured Acceleration Price Payment Option is exercised and any other Assured Securitization Bonds allocable to Assured or the Assured is otherwise entitled to receive hereunder, which Assured Securitization Bonds may, at Assured’s election, be insured in accordance with a new insurance policy issued by Assured on terms acceptable to it. The Plan shall provide that payment of the applicable Acceleration Price with respect to any Assured Insured Bond in accordance with the Assured Election shall satisfy and discharge all of Assured’s obligations under the Assured Insurance Policies with respect to such Assured Insured Bond.

b) **Assured Bondholder Elections**: In the event that Assured declines to make the Assured Election with respect to any Assured Insured Bonds as described above (or makes the Assured Election but declines to exercise the Assured Acceleration Price Payment Option upon the occurrence of any event that gives Assured the right to exercise such option as described above), the plan or Stipulated Treatment provision may offer each beneficial holder of an Assured Insured Bond with respect to which Assured has not made the Assured Election any one or more of the following options (collectively, the “**Assured Bondholder Elections**”), in each case on terms acceptable to Assured: (1) Assured Bondholder Election 1, pursuant to which such holder shall receive from Assured the applicable Acceleration Price on the Effective Date in full satisfaction and discharge of Assured’s obligations with respect to such holder under the applicable Assured Insurance Policies, and Assured shall receive Assured Securitization Bonds allocable to such holder under the plan that may, at Assured’s election, be insured in accordance with a new insurance policy issued by Assured on terms acceptable to it; (2) Assured Bondholder Election 2, pursuant to which such holder shall opt into a custodial trust, escrow arrangement, or similar structure established by Assured that would provide such holder with an interest in the applicable Assured Insurance Policy and Assured Securitization Bonds allocable to such holder in accordance with terms acceptable to Assured; or (3) Assured Bondholder Election 3, pursuant to which such holder shall, on the Effective Date, and in full satisfaction of Assured’s obligations under the applicable Assured Insurance Policies, receive (i) the Assured Securitization Bonds allocable to such holder under the plan, which Assured Securitization Bonds may, at Assured’s election, be insured in accordance with a new insurance policy issued by Assured on terms acceptable to Assured, and (ii) a cash payment from Assured in an amount to be determined or defined by Assured prior to the hearing on the disclosure statement. The Assured Bondholder Elections offered to Assured Insured Bondholders shall include at least either Assured Bondholder Election 1 or Assured Bondholder Election 2. In the event that Assured Bondholder Election 1 is not one of the options offered, the structure, terms, and conditions of the custodial trust, escrow arrangement or similar structure established as part of Assured Bondholder Election 2 must be reasonably acceptable to Assured and the Government Parties and the interests granted therein must be DTC eligible, provided that such custodial trust, escrow arrangement or similar structure will be deemed to be reasonably acceptable to the Government Parties if it is consistent with either one of the structures set forth in Annex B hereto. The Definitive RSA will provide that in the event an Assured Bondholder fails to make an election such Assured Bondholder is deemed to have elected Election 2 (unless otherwise provided in the Plan).

c) **DSRF Surety**: Assured may, at its election, provide a DSRF surety to satisfy the

DSRF requirement with respect to Tranche A Bonds that are Assured Securitization Bonds, which DSRF surety will be in effect during the entire term of such Tranche A Bonds. Any reimbursement obligation with respect to such DSRF surety will be secured and payable from the portion of the Transition Charge allocable to Assured Securitization Bonds, subordinate only to interest on Tranche A Bonds secured by such DSRF Surety. In exchange for such DSRF surety, Assured will be entitled to receive (i) additional Tranche A Bonds having a principal amount equal to the present value of the projected cash flow that would fund the DSRF requirement with respect to Tranche A Bonds that are Assured Securitization Bonds in the absence of the DSRF surety from Transition Charge excess cash following interest paid on Tranche A Bonds, and (ii) an upfront one-time DSRF surety fee equal to 2% of the DSRF requirement with respect to Tranche A Bonds that are Assured Securitization Bonds. Such DSRF Surety shall only secure the Tranche A Bonds that are Assured Securitization Bonds.

d) **Insurance Premiums:** To the extent that Assured insures any Assured Securitization Bonds, Assured will be entitled to receive a premium that (a) in the case of any Tranche A Bonds that it insures, will be payable in each year during which such Tranche A Bonds are outstanding, will be equal to 0.50% per annum of the principal amount of such Tranche A Bonds that were outstanding as of the first day of such year and will be payable from and secured by the Transition Charge revenues on a *pari passu* basis with interest on Tranche A Bonds, and (b) in the case of any Tranche B Bonds that it insures, will be a one-time premium payable in form of Tranche A Bonds having a principal amount equal to 2% of the expected aggregate cash flow of such Tranche B Bonds.

VIII. Call Protection.

a) Tranche A Bonds: Callable starting on the first interest payment date after the tenth anniversary of the issuance date.

	<p>constitute Indebtedness but shall be subject to the requirements set forth in the clauses B.2 (except in the case of approvals required by clause B.2 or B.3 to the extent any approval is not required under the terms of the plan of adjustment) through B.7 above.</p> <p>Provided, further, that if there is no Concessionaire, then the restrictions on additional Indebtedness shall be as agreed upon by the Required Parties in the Securitization Trust Agreement and shall include at a minimum Indebtedness (a) incurred to fund a cash operating reserve on or after exit from Title III in an amount not to exceed the \$550 million and (b) that would be permitted under clauses A.1, A.2, and A.5, but, in the case of clauses (a) and (b), subject to the requirements set forth in the clauses B.2 (except in the case of approvals required under clause B.2 or B.3 to the extent any approval is not required under the terms of the plan of adjustment) through B.7 above.</p> <p>Notwithstanding the foregoing, to the extent that the Securitization Bonds are rated investment grade (without regard to any insurance or other third-party credit enhancement) by any nationally recognized rating agency (such bonds, the “Rated Bonds”), then the foregoing restrictions on additional Indebtedness shall not apply to any issuance of Indebtedness so long as each rating agency rating the Rated Bonds confirms that the issuance of such additional Indebtedness will not adversely affect the rating of such Rated Bonds (without regard to any insurance or other third-party credit enhancement).</p>

Schedule I-A

Demand Protection Term Sheet

Each capitalized term not defined herein has the meaning given in the Restructuring Support Agreement and the exhibits, schedules and annexes thereto to which this Term Sheet is attached (collectively, the “RSA”). The omission of a term or condition contained elsewhere in this Term Sheet, including in the Restructuring Term Sheet, shall not affect the applicability of such term or condition.

This Term Sheet does not constitute (nor shall it be construed as) an offer with respect to any securities. This Term Sheet does not address all material terms that would be required in definitive documents and in order to consummate the transactions set forth in this Term Sheet and is subject to definitive documentation in form and substance mutually agreed upon by the Required Parties as well as to enactment of any legislation and issuance of any regulatory approvals contemplated by the RSA and this Term Sheet.

Overall Objectives of the Parties	The Government Parties, the Ad Hoc Group and Assured have entered into the RSA with the understanding that the Transition Charge is intended to be implemented so as to promote efficient investment in, and efficient use of, Puerto Rico’s electric infrastructure while providing for the recovery of legacy costs associated with the financing of the development of that infrastructure. The Transition Charge will be collected from all current and future Customers which have benefitted, are benefitting, or will benefit from the use of the System and which have benefitted from PREPA’s generation assets, as set forth in this Term Sheet. ¹⁷
Key Definitions	“ System ” means the T&D assets in PREPA’s possession on July 23, 2018, as well as any replacements, extensions, or improvements of such assets made since that date and any T&D assets acquired or constructed by PREPA and connected to the System after July 23, 2018. “ Customer ” means a service location or premise that (a) is connected to the System, (b) uses or leases any part of the System, (c) is connected to a microgrid, municipal utility or electric cooperative that is connected to or uses the System, or (d) benefits from any agreement that requires the System to provide the Customer electricity under any condition, including without limitation, an obligation to provide power on a standby, maintenance, emergency, or similar basis. ¹⁸

¹⁷ Any reference herein to “**PREPA**” refers to PREPA and any successors to PREPA (in full or in part) in its historic role as provider of transmission and distribution (“**T&D**”) services, including any entity succeeding to PREPA’s T&D assets or functions as T&D service provider through lease, sale, concession agreement, management agreement or other form of privatization, but for the avoidance of doubt shall not include entities that succeed solely to PREPA’s generation assets or functions.

¹⁸ For the avoidance of doubt, consistent with utility industry standards, the term “Customer” refers to a service location or premises, and not to an actual person. Furthermore, a Customer shall not include any permanently disconnected service location or premise that does not benefit from any agreement that requires the System to provide the Customer with electricity under any condition, including without limitation, an obligation to provide power on a standby, maintenance, emergency, or similar basis. For the purposes of this definition, “permanently disconnected”

	<p>“Consumption” means, for any given time period, the amount of electricity consumed by a Customer, regardless of the source of such electricity, including thermal, solar, wind, geothermal or other renewable or recyclable sources, whether owned by PREPA or any successor, lessor or concessionaire, an independent power producer, municipality, cooperative or a Customer.</p> <p>“Gross Consumption” means, for any given time period, the amount of electricity consumed by a Customer, regardless of the source of such electricity, including thermal, solar, wind, geothermal or other renewable or recyclable sources, whether owned by PREPA or any successor, lessor or concessionaire, an independent power producer, municipality, cooperative or a Customer. The Gross Consumption of a new Customer (<i>i.e.</i>, a Customer that has not established a history of electricity consumption over a period of at least twenty-four (24) months) prior to the date it connects to the System) shall be deemed for the period before such new Customer has established twenty-four (24) months of electricity consumption history to be the average kWh consumed over a period of twenty-four (twenty-four) months by an electricity consumer in Puerto Rico having a connected electric load comparable to the electric load which such new Customer shall have reported to PREPA, the Servicer or subservicer, as the case may be, at the time it applies for connection to the System, as such average may be adjusted to take into account the size of the new Customer premises, the nature of the loads to be connected, the location of the new Customer’s premises relative to the System and other factors bearing on electricity consumption, including size and specifications of the behind the meter system.</p> <p>“Net Consumption” means, for any given time period, a Customer’s Gross Consumption less amounts of electricity which such Customer produces through properly permitted behind the meter generating facilities.</p> <p>“Transition Charge” has the meaning given to it in the Recovery Plan Term Sheet.</p> <p>“Transition Charge Rate” means the per-kilowatt hour rate of the Transition Charge from years 1 through 24 and thereafter, as set forth on the Recovery Plan Term Sheet, as modified to take into account the Excepted Customer Classes and Subsidy Charge.</p>
Non-Bypassability	Transition Charges are non-bypassable charges, the payment of which shall be obligatory. Transition Charges shall be assessed on all Customers, regardless of

means any service location or premises, including one connected to a microgrid, municipal utility or electric cooperative, not capable of receiving any electricity from, delivering electricity to, or being synchronized with, the System, including, but not limited to, for standby, maintenance, emergency, or similar purposes, or providing electricity to the System. With respect to a microgrid, “permanently disconnected” means a microgrid, municipal utility or electric cooperative permanently operating solely in island-mode and without any agreement that requires the System to provide the microgrid, municipal utility or electric cooperative electricity under any condition, including without limitation, an obligation to provide power on a standby, maintenance, emergency, or similar basis. Notwithstanding the foregoing, a microgrid, municipal utility or electric cooperative permanently operating solely in island-mode shall not be considered “permanently disconnected” if it uses or leases any part of the System.

	<p>the date as of which they become Customers, through a fixed charge or volumetric charge, as applicable, unless, subject to the conditions set forth herein, including the assessment of the Subsidy Charge, a Customer in an Excepted Customer Class is excepted from paying all or a part of the Transition Charges. Customers shall not be permitted to evade the imposition of Transition Charges or reduce their responsibility for Transition Charges by disconnecting and subsequently reconnecting to the System or by withholding from the Servicer any information required in order to assess Transition Charges or determine the Customer’s status as a BTMG Customer or Grandfathered BTMG Customer.</p>
Implementation Date	<p>The cutoff date for eligibility for treatment as a Grandfathered BTMG Customer (see below) shall be September 30, 2020 (the “Implementation Date”).</p>
Grandfathered BTMG Customers	<p>Customers with behind the meter generation (“BTMG Customers”) that was approved, in place, and operational prior to the Implementation Date (each, a “Grandfathered BTMG Customer”) will be subject to a monthly Transition Charge in the form of a fixed charge calculated for each month by multiplying the Transition Charge Rate applicable to such month by a monthly average of the Grandfathered BTMG Customer’s Net Consumption over the prior twenty-four (24) month period, after taking into account a three (3) month lag time (such period, the “Twenty-Four Month Period”).¹⁹ The fixed charge shall be revised as set forth in (1) and (3) of “Fixed Charge Updates.”</p> <p>Any Grandfathered BTMG Customer whose behind the meter generation capacity increases by more than 20% above the capacity in place on the Implementation Date shall cease in the next billing period and in all subsequent billing periods to be considered a Grandfathered BTMG Customer to the extent of the behind the meter generation capacity increase.</p> <p>Notwithstanding anything to the contrary provided in this Term Sheet, all Grandfathered BTMG Customers shall cease to be Grandfathered BTMG Customers on the twentieth (20th) anniversary of the Effective Date and each such Customer shall thereafter be a Non-Grandfathered BTMG Customer.</p>
Non-Grandfathered BTMG Customers	<p>All BTMG Customers other than Grandfathered BTMG Customers, including former BTMG Customers that cease to be Grandfathered BTMG Customers (each, a “Non-Grandfathered BTMG Customer”), shall be obligated to pay the Servicer for the cost of installing at, a minimum, a revenue grade meter to measure the amount of electricity that is generated behind the meter (each such meter, a “BTMG Meter”). The BTMG Meter shall be in place and functioning by the time the Customer’s behind the meter generation system first comes online. The BTMG Meter shall be installed immediately after the behind the meter generation</p>

¹⁹ “**Approved behind the meter generation**” refers to generation installations that are installed consistent with PREB-approved rules (if applicable), are properly licensed by the Commonwealth, and have been fully inspected and determined to be compliant by a licensed electrical inspector. Approved behind the meter generation does not include a generator whose sole function is to provide back-up power when power from the System (including power supplied via any microgrid, municipal utility or electric cooperative) is interrupted.

	<p>system and before such generated electricity reaches any load. The Servicer shall, from time to time, inspect and test a sampling of BTMG Meters consistent with industry practice.</p> <p>Each Non-Grandfathered BTMG Customer with a BTMG Meter shall be subject to a monthly Transition Charge in the form of a charge that shall be the <i>greater of</i> (x) a fixed charge calculated for each month by multiplying (i) the Transition Charge Rate applicable to such month by (ii) the monthly average of that Non-Grandfathered BTMG Customer’s Gross Consumption during the then-applicable Twenty-Four Month Period, <i>and</i> (y) the product of the Transition Charge Rate applicable to such month and the Non-Grandfathered BTMG Customer’s Net Consumption for such month. The fixed charge set forth in (x) shall be revised as set forth in (2) and (3) of “Fixed Charge Updates.” The initial Twenty-Four Month Period for a Non-Grandfathered BTMG Customer shall be the Twenty-Four Month Period concluding on the date on which that Customer became a Non-Grandfathered BTMG Customer.</p> <p>Until such time as a Non-Grandfathered BTMG Customer has an operating BTMG Meter, then, for purposes of clause (x)(ii) of the immediately preceding paragraph, the monthly average of that Non-Grandfathered BTMG Customer’s Gross Consumption during the then-applicable Twenty-Four Month Period shall be deemed to be the gross electricity inflows received from the System in the month for which the fixed charge is being calculated.</p>
<p>Customers without BTMG Generation</p>	<p>All Customers other than BTMG Customers (including, for the avoidance of doubt, any Customers that become Customers on or after the Implementation Date) will be subject to a monthly Transition Charge calculated by multiplying each Customer’s Consumption by the then-applicable per kilowatt hour Transition Charge Rate.</p>
<p>Adjustment of Consumption Calculations</p>	<p>Calculations of Gross Consumption or other calculations of historical consumption over a specified period required by this Term Sheet shall be adjusted to take into account the number of months required by this Term Sheet while eliminating from such calculation any period (as well as any quantity of electricity delivered from the System in such period) during which a Customer’s consumption of electric energy delivered from the System shall have been reduced or eliminated by reason of an event of force majeure affecting the System or a malfunctioning meter.</p>
<p>Allocation of Transition Charges Among Customer Classes</p>	<p>Exemptions, subsidies and credits may be offered to certain classes of Customers, and exemptions, subsidies and credits may be created for the benefit of low- and middle-income residential Customers. The value of any such exemptions, subsidies and credits and of the Additional Subsidies described below shall be spread among other Customers on the terms set forth below (the Customers to whom such exemptions, subsidies, charges and credits apply, the “Excepted Customer Classes”); <i>provided</i> that (i) the aggregate value of all such exemptions, subsidies or credits (collectively, the “Subsidy Value”) shall be calculated and charged to all other Customers, through a fixed or volumetric charge, as</p>

	<p>applicable, by the Servicer through a transition charge subsidy line item on Customer invoices (such line item, the “Subsidy Charge”), and then remitted to the Trustee for the Securitization Bonds in the same manner as all other Transition Charges and such subsidy payments, and the Amended Act shall provide that such Subsidy Charge and all rights thereto shall form a portion of the Restructuring Property to the same extent as all other Transition Charge revenue and rights thereto; (ii) any such exemption, subsidy or credit shall not impair the Servicer’s ability to collect the aggregate amount of revenue to be generated in any period through imposition of the Transition Charge; and (iii) such exemptions, subsidies or credits shall only be permitted to the extent the recovery of the Subsidy Value (including the Uncollected Amounts Charge) from Customers other than Customers in the Excepted Customer Classes never increases the responsibility of any Customer class for Transition Charges by more than 25%.</p> <p>The Servicer shall verify and audit the Transition Charge Revenue to confirm that any Subsidy Charges or credits are net revenue neutral, and the Subsidy Value and Subsidy Charge shall be recalculated annually.</p>
<p>Additional Subsidies</p>	<p>The Subsidy Charge for any month shall include the monthly average of the sum of:</p> <p>(1) an amount to cover Subsidized Entities’ Non-Collections and an amount to cover General Public Non-Collections (together, the “Uncollected Amounts Charge”); and</p> <p>(2) an amount to cover Government Non-Collections.</p> <p>“Subsidized Entities’ Non-Collections” shall mean, in any given year, the amount of Billed (as defined in the Definitive Documentation) but unpaid kilowatt hours for the preceding year attributable to deliveries under CILT arrangements, for public lighting, for low-income (public) housing, or for other subsidies, exemptions or credits then in effect; provided, that in the first year starting on the Effective Date, the Subsidized Entities’ Non-Collections shall be a projection of the amount of expected unpaid kilowatt hours delivered to such entities. The amount to cover Subsidized Entities’ Non-Collections shall mean the Subsidized Entities’ Non-Collections multiplied by the then-applicable Transition Charge Rate.</p> <p>“General Public Non-Collections” shall mean, in any given year, the amount of Billed but unpaid kilowatt hours delivered to Customers that are not included in the Subsidized Entities’ Non-Collection and that are not the Government or a Government Entity (such Customers, “General Public Customers”); provided, that in the first year starting on the Effective Date, the General Public Non-Collections shall be a projection of the amount of expected unpaid kilowatt hours delivered to General Public Customers. The amount to cover General Public Non-Collections shall mean the then-applicable Transition Charge Rate multiplied by:</p> <p>(i) in the event that (x) there is a private third-party acting as the System operator or (y) PREPA or any Government Entity is operating or</p>

	<p>managing the System and is following the Collection Regulations, any amounts over 1.5% of the total kilowatt hours consumed by General Public Customers that were Billed but not collected during the previous year; or</p> <p>(ii) in the event that PREPA or any Government Entity is operating or managing the System and is not following the Collection Regulations, all total kilowatt hours consumed by General Public Customers that were Billed but not collected during the previous year.</p> <p>The Uncollected Amounts Charge shall be recalculated each year and shall be updated on each Update Date to give effect to the then applicable Transition Charge Rate as follows:</p> <p>If the actual uncollected amounts (or, if applicable, in the case of General Public Non-Collections, actual uncollected amounts above the 1.5% threshold) (such amounts, the “Actual Uncollected Amounts”) for any given year (after giving effect to any adjustments from previous years) are less than the amount that was charged to Customers through the Uncollected Amounts Charge, the Uncollected Amounts Charge shall be reduced in the next year to rebate such excess to Customers in the form of a lower Uncollected Amounts Charge. If the Actual Uncollected Amounts for any given year (after giving effect to any adjustments from previous years) are greater than the amount that was charged to Customers through the Uncollected Amounts Charge, the Uncollected Amounts Charge for the next year shall be increased to make up for such shortfall.</p> <p>“Government Non-Collections” shall mean, in any given year, the total amount of payables owed with respect to kilowatt hours consumed by the Government and all Government Entities that were more than sixty (60) days past-due as of the end of the previous year. The amount to cover Government Non-Collections shall mean the Government Non-Collections multiplied by the Transition Charge Rate applicable for such year. The Government Non-Collections shall be recalculated each year and shall be updated on each Update Date.</p> <p>PREB shall, to the extent necessary, adopt and/or modify regulations acceptable to the Parties that shall require PREPA or any concessionaire or other manager or operator of the System, or electric service provider to exercise collection remedies for non-payment (including for disconnection after 60 days of non-payment) by General Public Customers (as defined below) and the Government and Government Entities that are in accordance with national standards (the “Collection Regulations”). The Amended Act shall, to the extent necessary, authorize the adoption of the Collection Regulations.</p>
<p>Fixed Charge Updates</p>	<p>The fixed charge applicable to Grandfathered BTMG Customers and Non-Grandfathered BTMG Customers shall be recalculated by the Servicer on the</p>

	<p>Effective Date and every anniversary thereof (any such date, the “Update Date”) as follows:</p> <ol style="list-style-type: none"> (1) For Grandfathered BTMG Customers, at the conclusion of each Twenty-Four Month Period measured from the Effective Date, by calculating that Grandfathered BTMG Customer’s average monthly Net Consumption for the most recent Twenty-Four Month Period preceding such Update Date; (2) For Non-Grandfathered BTMG Customers, at the conclusion of each Twenty-Four Month Period measured from the Effective Date, by calculating that Non-Grandfathered BTMG Customer’s average monthly Gross Consumption for the most recent Twenty-Four Month Period preceding such Update Date; and (3) For all BTMG Customers, every year on the Update Date, to reflect changes in the applicable Transition Charge Rate to ensure that the fixed charge is consistent with the Transition Charge Rate for such month.
<p>Notification & Metering Requirements</p>	<p>The provisions of this Term Sheet regarding BTMG Customers shall apply to any existing or new Customer which installs behind the meter generation, whether or not such Customer seeks and/or receives approval to become a net metering Customer.</p> <p>All BTMG Customers shall be required to install or pay the Servicer for installing the necessary BTMG Meter to allow the Servicer to measure and record quantities of electricity produced from such BTMG Customer’s behind the meter generating facilities, or electricity usage within any microgrid, municipal utility or electric cooperative (or similar system or entity) connected to the System or with an agreement permitting it to obtain standby capacity or emergency energy from the System, and the Servicer shall routinely read these meters for Transition Charge billing purposes.</p> <p>In addition to any required regulatory notice, a Customer shall be required to send a notice to the Servicer (whether PREPA or any replacement Servicer or sub-servicer) (the “BTMG Notice”) in the event that it installs behind the meter generation or ceases to be a Grandfathered BTMG Customer for any of the reasons set forth in this Term Sheet. The Servicer shall be required to promptly provide copies of all BTMG Notices to the Issuer, the Servicing Monitor, and the Trustee for the Securitization Bonds.</p> <p>A Customer which fails to file a BTMG Notice shall pay a “Registration Charge” equal to \$250 (subject to annual increase at not less than the Consumer Price Index) plus the amount of Transition Charges the Customer would have owed if it had properly notified the Servicer of the installation of its behind the meter generation for the period beginning when it was installed and ending on the date of discovery (such amount, the “Missed Transition Charge Payment”). The Issuer shall receive the Missed Transition Charge Payment, and the remaining portion of the Registration Charge shall be remitted to PREPA. The Amended</p>

	<p>Act shall provide that the Missed Transition Charge Payment is Restructuring Property.</p> <p>Upon identifying a Customer that may have failed to file a BTMG Notice, the Servicer shall determine whether the Customer was required to file a BTMG Notice, calculate the amount of any Registration Charge, and enforce and collect the Registration Charge, each in a manner consistent with the Servicer’s investigation and collection of obligations from Customers to the Servicer.</p>
Role of the Servicer	The Servicer’s responsibilities shall include (i) calculating the Transition Charge component of the Subsidy Charge; (ii) conducting audits of Transition Charge Revenues to confirm that any Subsidy Charges or credits are net revenue neutral; (iii) reviewing the BTMG Notices; (iv) auditing the BTMG Notices; (v) conducting ongoing diligence to identify Customers that failed to file BTMG Notices as required; (vi) calculating and implementing Fixed Charge Updates; and (vii) implementing any Fixed Charge Amendment approved by the PREB.
Annual Calculation Audit	<p>In the event that a private third party is acting as Servicer, the Issuer’s Auditor shall, in addition to the annual audit of the Issuer, conduct an audit, with respect to the Servicer or any subservicer, of (i) the calculations of the Transition Charge component of the Subsidy Charge, (ii) the Transition Charge Revenues to confirm that any Subsidy Charge or credit are net revenue neutral and that total Transition Charges billed are consistent with Consumption, Gross Consumption and Net Consumption, as applicable, and otherwise consistent with the calculations set forth herein, (iii) Customers’ eligibility as Grandfathered BTMG Customers, Non-Grandfathered BTMG Customers, and Excepted Customer Classes; (iv) the calculation and implementation of any Fixed Charge Update; and (v) the implementation of any Fixed Charge Amendment. “Issuer’s Auditor” means an independent accounting firm of recognized national standing acceptable to the Trustee for the Securitization Bonds.</p> <p>In the event that PREPA or any Government Entity is acting as Servicer, there will be a Servicing Monitor in place to perform the duties set forth above, as well as the duties set forth in the Securitization Term Sheet.</p>
Role of PREB	After the Securitization Bonds are issued, PREB’s role with regard to the calculation, modification or imposition of any Transition Charge shall be limited to (i) verification of the mathematical accuracy of the Servicer’s calculation of (a) the Transition Charge, (b) Subsidy Value and Subsidy Charges impacting the Transition Charge; (c) Gross Consumption and Transition Charge revenue calculations to confirm that Subsidy Charges do not negatively or beneficially impact Transition Charge revenue, as determined by the Servicer; ²⁰ and (ii) amending the fixed charge applicable to BTMG Customers if, in a proceeding of which all Bondholders shall be given notice, it determines that the fixed charge is contributing to and is likely to continue to contribute to BTMG Customer

²⁰ Any correction of such a mathematical error shall be made in the first billing cycle in which such adjustment can be practically implemented. In no event shall PREB’s inquiries into any such mathematical error or the correction thereof result in a delay to the calculation, billing, and collection of the Transition Charge or the Subsidy Charge.

	<p>defection from the System that is likely to result in material changes in Transition Charge revenue (any such amendment, the “Fixed Charge Amendment”). The Fixed Charge Amendment may be applied to the fixed charge collected from the BTMG Customer classes most likely to defect from the System. Any Fixed Charge Amendment shall be (i) supported by third-party expert studies quantifying the impact of implementing the Fixed Charge Amendment as compared with the status quo; (ii) put into effect only (a) if the Securitization Bonds have an investment grade rating, (b) if every rating agency that has rated the Securitization Bonds has confirmed that the Fixed Charge Amendment shall not result in a downgrade of the rating on the Securitization Bonds or otherwise cause an adverse action by the rating agency, and (c) upon the affirmative vote of the holders of a majority of principal amount of the Securitization Bonds at that time outstanding, excluding any Securitization Bonds held by the Government, any Government Entity, and any Puerto Rico municipality; and (iii) may be implemented no more frequently than once every three (3) years.</p>
Servicing Agreement	<p>Each microgrid, municipal utility, cooperative or any person selling electricity directly or indirectly to a microgrid, municipal utility, cooperative, or Customer that is subject to the provisions of this Term Sheet shall be a “subservicer” and each shall enter into the Servicing Agreement with the Servicer upon such terms and provisions as may be agreed upon by the Required Parties.</p>
Protections	<p>The terms set forth in this Term Sheet shall be included in the Amended Act, and all charges, fees, and payments required hereunder (and the right to such charges, fees, and payments and the revenues therefrom) shall be treated as Transition Charges, Transition Charge Revenues and part of the Restructuring Property.</p>

IV. Servicer

A. The Servicer shall be authorized to interrupt or suspend service, use intercept provisions, take enforcement actions, or terminate System access for failure to pay the Transition Charge (and electric service providers shall be obligated to follow a Servicer direction to do the same) on the same terms and conditions as the Servicer is authorized to suspend service, use intercept provisions, take collection actions, or terminate System access for failure to pay for electric services.

B. Servicer shall be authorized to bill and collect the Transition Charge, to include Transition Charge on bills as a separate line item and to remit Transition Charge Revenues to the Securitization Trustee.

SECTION 2: TERMS OF ASSURED TRUSTS

(a) **General Terms:** In the event that (i) Assured declines to exercise the Assured Election with respect to all Assured Insured Bonds and (ii) any Assured Legacy Bonds exist as of the Effective Date (i.e., Assured Insured Bonds with respect to which Assured has not exercised the Assured Election and the beneficial holders of which have not elected Assured Bondholder Election 1 or Assured Bondholder Election 3), a separate Assured Trust shall be formed on behalf of, and for the benefit of, beneficial holders of each Assured Legacy Bonds CUSIP. The Assured Trustee of each Assured Trust shall be an entity selected by Assured that is a nationally recognized U.S. domiciled financial institution and fiduciary regularly acting as trustee in the municipal finance market. On behalf of beneficial holders of Assured Insured Bonds, PREPA shall assist, to the extent reasonably necessary, in the creation of the Assured Trusts. PREPA shall not have any other obligations with respect to the Assured Trusts or the Assured Certificates, including, without limitation, with respect to the qualification of the Assured Certificates as “eligible securities” with the Depository Trust Company.

On the Effective Date, by electing (or being deemed to have elected) Assured Bondholder Election 2, each beneficial holder of an Assured Legacy Bonds CUSIP shall be deemed to have exchanged and deposited into the Assured Trust that is formed for the benefit of beneficial holders of such Assured Legacy Bonds CUSIP (1) such Assured Legacy Bonds CUSIP and (2) the Assured Trust Assets allocable to such holder, in exchange for one or more Assured Certificates issued by such Assured Trust and evidencing a pro-rata beneficial ownership interest in the related Assured Trust Assets. In furtherance of such Assured Bondholder Election and solely on behalf of such holders, on the Effective Date, PREPA and the Issuer, as applicable, shall concurrently with the exchange described in the immediately preceding sentence, deposit the applicable Assured Trust Assets (other than the Assured Legacy Bonds) into each of the Assured Trusts. The Assured Trust Assets shall not be property of PREPA or the Issuer, but shall be held by the Assured Trustee, and the establishment of the Assured Trusts is, solely for the benefit of the Assured Certificate Holders and Assured (to the extent that Assured is subrogated to the rights of the holders of the Assured Certificate Holders) in accordance with the terms of the Assured Trust Agreement. The Assured Certificate Holders shall be the “tax owners” of the Assured Trust Assets for Federal income tax purposes.

By electing (or being deemed to have elected) Assured Bondholder Election 2, the beneficial holders of Assured Legacy Bonds shall be deemed to have directed each securities intermediary

for such Assured Legacy Bonds (including, without limitation, the Depository Trust Company) to take any action that is necessary to effect the transfer of securities entitlements with respect to such Assured Legacy Bonds and the related Assured Certificates in its book-entry systems and/or on its books and records, as applicable, in order to give effect to the provisions of the immediately preceding paragraph. Each such securities intermediary shall promptly comply with such deemed direction. Until the Depository Trust Company effects the transfer of securities entitlements with respect to Assured Legacy Bonds to a securities account designated by the Assured Trustee and established for the benefit of the respective Assured Trust, the Trustee (or custodian in the case of Secondary Market Assured Legacy Bonds) shall disburse any payments received under the respective Assured Insurance Policies directly to the Assured Trustee for the benefit of the respective Assured Trusts (rather than such payments being made through the Depository Trust Company), and Assured shall be authorized (but not required) to make any payments under such Assured Insurance Policies directly to the Assured Trustee for the benefit of the respective Assured Trusts (rather than such payments being made through the Trustee or custodian, as applicable, and the Depository Trust Company).

Except (a) as provided in any contract, instrument or other agreement or document entered into or delivered in connection with the Plan, (b) for purposes of evidencing a right to distribution under the Plan, or (c) as specifically provided otherwise in the Plan, on the Effective Date, the Assured Legacy Bonds and all instruments and documents related thereto shall be automatically cancelled, terminated and of no further force or effect against PREPA without any further act or action under any applicable agreement, law, regulation, order or rule, with PREPA and the Trustee having no continuing obligations or duties and responsibilities thereunder, and the obligations of the parties to PREPA, as applicable, under the Assured Legacy Bonds and all instruments and documents related thereto shall be discharged; **provided, however,** that, notwithstanding anything contained herein to the contrary, the Assured Legacy Bonds and such other instruments and documents shall continue in effect solely (i) to allow all distributions as set forth in the Plan and to perform other necessary administrative or other functions with respect thereto; (ii) to allow holders of Allowed Claims to receive distributions in accordance with the terms and provisions of the Plan; (iii) for any trustee, agent, contract administrator or similar entity under all instruments and documents related thereto, including the Trustee, to perform necessary functions, including making distributions, in accordance with the Plan and to have the benefit of all the rights and protections and other provisions of such instruments and documents, as applicable, and all other related agreements with respect to priority in payment and lien rights with respect to any distribution; (iv) to set forth the terms and conditions applicable to parties to such documents and instruments other than PREPA; or (v) as may be necessary to preserve any claims under the respective Insurance Policies by the applicable holders of Assured Legacy Bonds that validly elected (or are deemed to have validly elected) to receive Assured Certificates. Notwithstanding the foregoing, and except as otherwise expressly provided in the Plan, such bonds or bond documents as remain outstanding shall not form the basis for the assertion of any Claim against PREPA or the Issuer, as the case may be.

The Assured Certificates shall entitle an Assured Certificate Holder to its pro rata share of value in any distribution of cash from the respective Assured Trust, which distribution shall (a) in all cases, occur promptly upon receipt thereof by such Assured Trust and (b) automatically reduce the obligation outstanding under the respective Assured Insurance Policies as of the date of such distribution to Assured Certificate Holders in the amount of such distribution, as determined by

Assured in its sole discretion. On each Assured Original Scheduled Payment Date for any Assured Legacy Bonds, Assured shall be obligated to pay any remaining amount of the scheduled payment that is due for payment in accordance with the terms of the respective Assured Insurance Policy after giving effect to any reduction pursuant to the immediately preceding sentence. Upon repayment, redemption or other retirement of all Assured Certificates issued by an Assured Trust (including, without limitation, as a result of the exercise of the Assured Advancement Option as set forth in Section 2(b) hereof or the satisfaction of all of Assured's payment obligations under the respective Assured Insurance Policy), Assured shall be entitled to receive all remaining Assured Trust Assets of such Assured Trust. At any time on or after the date of receipt of such Assured Trust Assets, Assured shall have the right to sell all or any of the Tax-Exempt Securitization Bonds and/or Taxable Securitization Bonds comprising such Assured Trust Assets.

Each series of Assured Certificates shall bear unique CUSIPs and shall be freely tradable and transferable through the Depository Trust Company. So long as an Assured Insurer Event is not occurring under the applicable Assured Insurance Policy, Assured shall be deemed the sole holder of the Securitization Bonds deposited in the respective Assured Trusts with respect to voting, amendment, acceleration, events of default and election and direction of rights and remedies, including, without limitation, in connection with insolvency proceedings. In addition, Assured shall be fully subrogated to the rights of the respective Assured Certificate Holders in respect of the Securitization Bonds deposited in the respective Assured Trusts.

(b) **Assured Advancement Option:** Assured shall have the right to exercise the Assured Acceleration Option at any time. In addition, on the Effective Date, PREPA shall assign to Assured any rights to redeem the Assured Legacy Bonds and any related rights such that such rights may be exercised directly and exclusively by Assured. Upon the exercise of any Assured Advancement Option and the payment of the Acceleration Price with respect to any Assured Legacy Bonds CUSIP, the Assured Trustee shall be required to disburse such Acceleration Price to the related Assured Certificate Holders as set forth in Section 2(a) above, and Assured shall become fully subrogated to all of the rights of such Assured Certificate Holders. Upon the disbursement of such Acceleration Price to the related Assured Certificate Holders, the related Assured Certificates shall be retired, the related Assured Trust shall be terminated, and the Assured Trustee shall deliver the related Assured Trust Assets to or at the direction of Assured. At any time on or after the date of receipt of such Assured Trust Assets, Assured shall have the right to sell all or certain of the Tax-Exempt Securitization Bonds constituting part of the Assured Trust Assets for value as tax-exempt bonds and all or certain of the Taxable Securitization Bonds constituting part of the Assured Trust Assets for value as taxable bonds.

(c) **Assured Certificate Holder Exchange Option:** Pursuant to the Assured Trust Agreement, a holder of Assured Certificates with an aggregate unpaid principal amount that is equal to the Minimum Threshold or any integral multiple thereof shall have the right to exercise the Assured Certificate Holder Exchange Option by exchanging such Assured Certificates for such holder's pro rata share of related Assured Trust Assets (other than the related Assured Legacy Bonds CUSIP and related Assured Insurance Policy). Upon the exercise of such Assured Certificate Holder Exchange Option, (i) the exchanging holder's pro rata share of the Assured Legacy Bonds on deposit in the respective Assured Trust shall be deemed to be

no longer outstanding for purposes of the related Assured Insurance Policy and such exchanging holder shall relinquish its rights under such Assured Insurance Policy, and (ii) the Assured Trustee shall effect the cancellation of such Assured Certificates. The Assured Trust Agreement may provide, at Assured's option, that the Assured Certificate Holder Exchange Option may be exercised only (i) after the expiration of any Assured Certificate Holder Exchange Option No Exercise Period and (ii) upon a written notice of such exercise that must be provided prior to the effective date of such exercise such that the effective date occurs after the lapse of any Assured Certificate Holder Exchange Option Notice Period. For the avoidance of doubt, each beneficial holder of Assured Certificates that has not exercised its Assured Certificate Holder Exchange Option on any day on which such option may be exercised (including the first day on which such option may be exercised at the time the applicable Assured Trust is created) shall be deemed to have elected to deposit and hold (or continue to hold) its pro-rata share of the Securitization Bonds and any other assets comprising the related Assured Trust Assets in the related Assured Trust until such beneficial holder has validly exercised such option.

(d) **Secondary Market Assured Legacy Bonds:** On the Effective Date, each bond certificate that currently evidences both Secondary Market Assured Legacy Bonds and any other Bonds bearing the same CUSIP shall be exchanged for two separate bond certificates with different CUSIPs but otherwise identical terms – one evidencing the Secondary Market Assured Legacy Bonds and the other evidencing such other Bonds. After giving effect to such exchange, Secondary Market Assured Legacy Bonds shall have a unique CUSIP. Concurrently with such exchange, by electing (or being deemed to have elected) Assured Bondholder Election 2, each beneficial holder of custody receipts evidencing a beneficial ownership interest in the Secondary Market Assured Legacy Bonds with a unique CUSIP and the respective Assured Insurance Policy shall be deemed to have deposited such custody receipts into the respective Assured Trust in exchange for Assured Certificates evidencing a pro-rata beneficial ownership interest in the related Assured Trust Assets, which shall consist of such custody receipts and the assets described in clause (b) and (c) of the definition thereof and otherwise shall be subject to the terms set forth in Section 2 hereof.

SECTION 2: TERMS OF ASSURED ESCROW AGREEMENT

(a) **General Terms:** In the event that (i) Assured does not exercise the Assured Election with respect to all Assured Insured Bonds and (ii) as of the Effective Date, there are Assured Legacy Bonds (i.e., Assured Insured Bonds with respect to which Assured has not exercised the Assured Election and the beneficial holders of which have not elected Assured Bondholder Election 1 or Assured Bondholder Election 3), PREPA, Assured, and [], as escrow agent (the “Escrow Agent”), shall enter into an escrow agreement (the “Escrow Agreement”) on the Effective Date. Pursuant to the Escrow Agreement, and except as otherwise provided in Section 2(b) below, (1) Assured shall agree to the Legal Defeasance of all of the Assured Legacy Bonds, and that Assured’s sole recourse in respect of its subrogation rights is to the Assured Escrow Property, and (2) in consideration for the Legal Defeasance, PREPA shall concurrently deliver the Assured Escrow Property to or at the direction of Assured. Assured shall agree to the Legal Defeasance as the “sole owner” of the Assured Legacy Bonds for purposes of exercising rights and remedies under the Assured Legacy Bonds, and necessary amendments to the Trust Agreement shall be made in order to effectuate the Legal Defeasance.

At the direction of Assured, PREPA shall deliver the Assured Escrow Property to the Escrow Agent as security for Assured’s obligations under the Assured Insurance Policies to the holders of the Assured Legacy Bonds. The Assured Escrow Property and any proceeds thereof shall not be property of PREPA or the Issuer, but shall be held by the Escrow Agent in an irrevocable trust solely for the benefit of Assured and the holders of the Assured Legacy Bonds in accordance with the terms of the Escrow Agreement. Assured shall be the “tax owner” of the Assured Escrow Property, and the Escrow Agreement shall constitute a “security device” with respect to Assured’s obligations under the Assured Insurance Policies for Federal income tax purposes.

On each Assured Original Scheduled Payment Date, Assured shall be obligated to pay the full amount of the scheduled payment due in accordance with the terms of the Assured Insurance Policies. Pursuant to the Escrow Agreement, and except as otherwise provided in Section 2(b) below, on or after each Assured Original Scheduled Payment Date, the Escrow Agent shall apply any cash proceeds of the Assured Escrow Property that are available on such date to pay Assured an amount up to the amount of any scheduled payment that Assured made under the Assured

Insurance Policies and any accrued interest thereon. If Assured fails to make any scheduled payment under the Assured Insurance Policies on an Assured Original Scheduled Payment Date, then on the business day immediately following such Assured Original Scheduled Payment Date the Escrow Agent shall apply any cash proceeds of the Assured Escrow Property that are available on such date to pay such scheduled payment to the holders of the Assured Legacy Bonds. Upon the exercise of the Assured Advancement Option, the Assured Escrow Property and any cash proceeds thereof shall be liquidated and/or applied as described in the second succeeding paragraph below. On any date on which cash proceeds of Assured Escrow Property are available to the Escrow Agent and are not required to be applied in accordance with the foregoing, such cash proceeds shall be invested by the Escrow Agent in investments selected by Assured that mature on or prior to the next Assured Original Scheduled Payment Date.

PREPA, Assured and the Escrow Agent shall enter into a single Escrow Agreement with respect to all of the Assured Legacy Bonds, and all of the Assured Escrow Property shall be deposited into a single escrow account (the “Escrow Account”) that is maintained by the Escrow Agent under the Escrow Agreement. On each date on which the Assured Escrow Property generates any cash proceeds, such cash proceeds shall be (i) used with respect to payments for any Assured Legacy Bonds as directed by Assured and/or (ii) invested by the Escrow Agent in investments selected by Assured, which may mature after certain Assured Original Scheduled Payment Dates such that those investments are not available for payments due on such Assured Original Scheduled Payment Dates. For the avoidance of doubt, Assured shall have the right to direct the application or investment of the cash proceeds of the Assured Escrow Property in accordance with the immediately preceding sentence even if such application or investment results in certain Assured Legacy Bonds (i) having an Escrow Collateralization Ratio that is lower than what such Escrow Collateralization Ratio would have been in the absence of such application or investment, or (ii) no longer being secured by any remaining Assured Escrow Property.

Assured shall have the right to exercise the Assured Acceleration Option at any time with respect to all or any of the Assured Legacy Bonds. In addition, PREPA shall assign to Assured any rights to redeem the Assured Legacy Bonds and any related rights such that such rights may be exercised directly and exclusively by Assured as if it were PREPA for such purpose, and any amounts due in connection with such redemption shall be equal to the lesser of the applicable redemption price and the Acceleration Price. Assured shall have the right (but no obligation) to exercise the Assured Advancement Option at any time with respect to all or any of the Assured Legacy Bonds. In connection with the exercise of the Assured Advancement Option with respect to any Assured Legacy Bonds, Assured shall (i) have the right to direct the Escrow Agent to (A) liquidate all or any portion of the Assured Escrow Property in accordance with Assured’s instructions and (B) apply all or any portion of the cash proceeds of the Assured Escrow Property to pay the Acceleration Price of such Assured Legacy Bonds, and/or (ii) be required to pay to the holders of such Assured Legacy Bonds the difference between the Acceleration Price and the cash proceeds applied in accordance with (i)(B) hereof. For the avoidance of doubt, Assured shall have the right to direct such liquidation of all or any portion of Assured Escrow Property and/or the application of cash proceeds thereof in accordance with the immediately preceding sentence irrespective of whether such liquidation and/or application results in any Assured Legacy Bonds in respect of which such Assured Advancement Option is not exercised (i) having an Escrow Collateralization Ratio that is lower than what such Escrow Collateralization Ratio would have been in the absence of such liquidation and/or application or (ii) no longer being

secured by any remaining Assured Escrow Property. Except as otherwise provided in Section 2(b) below, upon the exercise of the Assured Advancement Option with respect to all of the Assured Legacy Bonds, the Escrow Agent shall deliver any remaining Assured Escrow Property and any remaining cash proceeds of the Assured Escrow Property to or at the direction of Assured. At any time on or after the date of receipt of such Assured Escrow Property, Assured shall have the right to sell all or certain of the Securitization Bonds constituting part of the Assured Escrow Property for value as taxable bonds.

(b) **Secondary Market Assured Legacy Bonds:** On the Effective Date, each bond certificate that currently evidences both Secondary Market Assured Legacy Bonds and any other Bonds bearing the same CUSIP shall be exchanged for two separate bond certificates with different CUSIPs but otherwise identical terms – one evidencing the Secondary Market Assured Legacy Bonds and the other evidencing such other Bonds.

The Escrow Agent shall transfer cash proceeds of the Assured Escrow Property to Assured as described in Section 2(a) above based on a certification to be provided by Assured to the Escrow Agent with respect to any payment made by Assured in respect of a Secondary Market Assured Legacy Bond.

If Assured exercises the Assured Advancement Option with respect to Secondary Market Assured Legacy Bonds, the related payment shall be made by Assured to the custodian for the custody receipts in accordance with the terms of the related Assured Insurance Policy, and such custodian shall disburse such payment to the holders of such custody receipts on a pro-rata basis in accordance with the terms of the custody receipts documentation. Upon such payment by Assured, the related custodian shall transfer such Secondary Market Assured Legacy Bonds to Assured in accordance with the terms of the related Assured Insurance Policy and custody receipts documentation. Upon the transfer of such Secondary Market Assured Legacy Bonds by Assured to the Escrow Agent, the Escrow Agent shall deliver (i) the Assured Escrow Property and any cash proceeds thereof to or at the direction of Assured and (ii) such Secondary Market Assured Legacy Bonds to PREPA for cancellation.
